APPARITION OF THE VIRGIN MARY, IN CORDOBA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

For the Light poured out by Your Immaculate Heart,
that converted the hearts of the world,
Divine Lady, pray for us.

Amen.
(7 times)

Today, as Queen of Peace, I come to bring My Love and My blessing to all.

Dear children, today I invite you to be with Me in My Heart, in this very important time. And this can happen through your daily prayers.

Today, the Lord invites you to multiply your practice of prayer. Many souls are in need of this aid and of this protection. Your prayers will help the Plan of God to be accomplished here, on Earth.

Dear children, I want to tell you that today I need all of you. Thus, I also invite you to imitate My Pilgrim's Path, through good service and charity for others. With this, dear children, you will help the world to be relieved of its own evil.

As Lady of the Rosary, I also invite you to continue with this practice. The angels are opening the Heavens toward the Earth, and My guardian armies are sent to help humanity.

Dear children, I only invite you to give of yourselves in a more heartfelt way. That will be very important for the end of this time; for you must not only create groups of prayer, but rather a great network of fraternity far and wide throughout the world.

Dear children, I invite you to walk with Me in peace and in faith.

Today I am also here to ask you for something important. You know, dear children, that in My Marian Centers of Love, Bell Towers of Peace have manifested, which must sound the call of peace for souls.

Today I am also calling on you, My children, to manifest a Bell Tower of Peace in the new Community of My Son, so that the three Marian Centers of Love help these nations, the three nations to which I appear, month after month, calling all My children to assist this humanity by means of the consciousness of their hearts.

Thus, this Bell Tower of Peace will bring peace to this nation. Even though it may seem to you, dear children, that this is far from your reality, this Bell Tower of Peace in Argentina will bring good and peace to this nation.

Today, I come to meet with you to announce that it is important to disseminate peace, and this will begin through prayer, also through good acts that transmit peace.

It is important, dear children, that you gather together in the name of the light and peace, to help this part of humanity that needs them so much.

Of course, dear children, your prayers count. But it is necessary to practice service and charity; and this will begin, dear children, with the brother or sister beside you, looking at them with a peaceful and loving gaze, to dissolve the conflict that many hearts experience.

Thus, many hearts distance themselves from that true peace, because at the end of this time, starting with all that hearts experience in this material life, they also distance themselves from light and peace when hearts generate conflict.

For this reason, you are called to think on this peace, because you will find the Lord in your lives and your spirits will rejoice in the Heart of My Son.

Also, today I invite you to feel and to think about Mercy, all the times you are able to in your lives. This is a paramount request, dear children, so that you may see it is important to bring more Light to this world.

For that, dear children, My Motherly Heart has need of faithful soldiers who are able to lead many groups of souls through prayer, service, peace and love; for in that way, dear children, your hearts will be united at the doors of Heaven.

On this day I want you to know, dear children, that through the Grace of God and the permission He has granted Me as the Universal Mother of all, that My Motherly Heart will return here. For that, you must pray a lot during these months, so that My Motherly Heart is able to be present as from next year.

And I will come here to save you and aid you during the time of this purification. Thus, prayer will prepare your hearts.

Take your minds into the center of the heart and live within the Kingdom of His Peace; for in this way, dear children, you will not only be with Me, but also with My Son.

Thus, pray, pray and only pray. Pray for those who have forgotten to pray, and even more for those who do not want to pray in this time.

Live the principles and attributes of the patriarchs, and learn from the great fathers of prayer to coexist in peace and in good, spreading love and hope.

Today I am here, over this city, to bless it; for it is the heart of Argentina, which must beat strongly in this time through renewed groups of prayer, that not only spread peace, but also the hope that many need, because otherwise many hearts will be lost. Thus, there is a need for instruments of prayer.

My Heart has need of faithful servers who are able, from their heart, to disseminate the purity they hold. For in this way, dear children, your small purity will unite with My great Purity, and through My Motherly Love, I will be able to coexist with you every day in your homes, in each prayer, to support you and tell you to continue onward because evil will not defeat you, but rather, My Immaculate Heart will triumph if you will simply allow it.

Thus, listen to the call I bring from Heaven. Open the inner hearing of your heart, because hope is possible, dear children. And if you are united with Me, the heart will heal little by little, and the consciousness will open to the new and will not fear anything, for it will be with Me on this path of prayer that many need to experience in this time.

Count on Me, dear children, because I Am your Mother, your Mother of Peace.

Now you must place your hearts and your attention on the importance of prayer. Day after day, you must grow through this practice and not see it as something simple, but rather as something very sacred.

I am teaching you, dear children, daily Message after daily Message, to learn to walk in prayer and to discover the attributes that My Immaculate Heart once experienced when It was here on this Earth.

Dear children, I Am Mother and part of this humanity; for this reason, I deeply know you. Know that I read and feel your thoughts, I know your hearts' intentions. So, dear children, you are transparent to My Heart. For this reason, God sends Me to you to teach you to walk on the path of the good, and in this way, dear children, the example of your life, your simplicity and your humility will be able to attract many hearts that also need to learn a new way of life.

This humanity is mistaken, dear children; and silently, step by step, My Motherly Heart has accompanied the awakening of this humanity, the lessons and the tests.

I have been here, dear children, century after century, radiating all My children through the Source of the Love of God, so you may know that the universe is broad and that in it is the Great Presence of God.

For this reason, your eyes must always look up to infinity, so your aspiration is able to be on a straight path that only takes you toward the Lord, like the angels of Heaven. The beloved Archangel Gabriel taught Me this in the Annunciation.

My Words are poured out through the Light. Thus, you must keep them as a treasure in the heart; because you know, dear children, that they are already the last ones, which I announce in Medjugorje and which I now announce here, among you, to awaken faith in this very definitive time.

Thus, today, walk, dear children, taking steps with hope and accepting to live in the Lord, above all things.

Beyond your lives, your hearts must always draw close to the Kingdom of the Lord, for there you will be sheltered under the Light of My Motherhood and under the Light of the Heart of My Son. You must believe in this, dear children, because it will allow your faith and your devotion to God to be strengthened.

Friar Elías del Sagrado Corazón de Jesús:

At the request of Our Lady, we're going to pray for the nations, practicing the prayer of the Hail Mary in different languages. And today, we're also going to include the Hail Mary in Latin.

She said that while we pray, She will open a door from Heaven so the Light may descend upon this place and can be spread through Peace.

At the request of Our Lady, we'll pray each Hail Mary twice.

Dear children, I thank you for this simple practice of the heart. For this reason, I invite you to continue praying together with Me during every day, out of love for all the nations of the world, so their representatives are able to guide the hearts of all souls toward the path of eternity.

Dear children, I thank you for responding to My call and for your love, for having received Me on this day with so much love in your heart.

May the Heaven of God, His Infinite Universe, remain in your hearts forever.

Under My motherly blessing and the blessing of My Son Jesus, I tell you, dear children: go in peace and go forth!

In the name of the Father, the Son, and the Holy Spirit. Amen.

Mother María Shimani de Montserrat:

We're going to try and make a summary of what Our Lady transmitted today, the requests She made, so that afterwards, Friar Elías can give us a brief account of how the Apparition unfolded.

Two important things She manifested today as requests, beginning with the daily Message, is that the Nucleus of work which exists in Cordoba, which as you know, there is a Nucleus in the city of Capilla del Monte and a Monastery in the Cordoba Hills, that this task be turned into a Community.

That means there will be a greater responsibility towards the Plan of God. And all the people and groups that, above all, assist in this task here, in northern Argentina, will have a greater responsibility.

As you all know, the Light-Communities are designed to support the process of purification and so that we, as human beings, have a choice for a different life, a life dedicated to the One and at the service of the One.

In the same way as the Figueira Community and the Fraternidad Community in Casa Redención, now the Community of Brotherhood will be a goal to be achieved by all of us.

As you all know, they are also three strategic points within the Americas that will allow us to support the planetary movements during the purification. And we will do that through prayer, as has been requested of us and taught to us.

As we already know and have repeated several times, prayer will be the instrument that humanity will have for support in the difficult times. An instrument that any person of any religion, of any race, of any color and of any social standing can develop. For this reason, it will be the instrument that will support us, and any of us can do it.

Therefore, as from now, especially in Northern Argentina there is a very important commitment which is to unite through the heart and participate in the development of the Community.

Another of Our Mother's requests is that we build a bell tower like the one there is in the Figueira Community and in Aurora.

So we're going to get to work, because through each bell ringing during the times indicated to us, the energy of Peace descends upon this place; and wherever there is a prayerful peace-bringer, that energy is drawn toward the place where that peace-bringer is.

And as all of us have to become peace-bringers, through each prayer, united with the bell tower, we will be attracting the energy of Peace to this place.

Let's remember that in this time, all is allowed. All the good we are able to generate is allowed. All the peace, all the love, all that we can offer is allowed, and will be multiplied as never seen before. So let's trust in what we, as beings of love, are able to multiply: love, the good, and peace. And let's not worry about what's multiplied on the other side, which will be a lot also.

So we have to get to work with a lot of striving.

Now we'll listen to the Friar, to see what he can tell us.

Friar Elías del Sagrado Corazón de Jesús:

We thought that today the Apparition would be in front of the Altar, but it was the opposite. Our Mother always has wonderful plans for us.

As you heard today, She came as the Queen of Peace.

To better understand, we'll explain how the Apparition was.

Barefoot, with a rosary in Her Hands, with which She constantly prayed while She spoke.

She was dressed in a pink robe, a blue belt and a white veil that almost reached Her Knees, and that swayed from one side to the other, but that veil also fell forward a little because of the movement She made as She spoke to us, and around Her, a blue aura.

When Our Lady appeared over this place, She did so through a channel that was light blue, directly connected to the Heavens. And through Her, Light poured out over here, and expanded throughout Cordoba when She said that Cordoba was the heart of Argentina.

She was showing how Cordoba should be a heart that beat strongly and that the Light should be sent as if through arteries to all the other provinces. It is a creative exercise She taught us for praying, because She said that this would greatly help Argentina.

When She referred to the Bell Tower of Peace, She showed us that those three bell towers were already manifested, especially the one that will be present in the Cordoba Hills; and that the three, in unison, radiated Light for all of South America.

She promised us that if that bell tower were manifested before the end of the year, it could aid the three nations during the process of purification.

We asked Her if this meant that, in Argentina, Uruguay or Brazil, nobody would experience the tribulation. She said to us: "Each child will experience the state of purification that is foreseen, but if you do what I ask of you, if you pray with Me, you will be greatly protected, and My Heart will be able to aid you all."

Once again, today She gave us a lesson on being humble and being mediators through prayer. Above all, She asked about those we see daily, who we don't know, or that we may come across during our life, and that also have need of that prayer. In this way, She told us we will be practicing fraternity.

And when She told us She would return to Cordoba, we asked Her when it would be. She responded, as you all heard, that a lot of prayer was needed.

We asked Her: "Has the Lady foreseen appearing in the House of Prayer that is in the Cordoba Hills?"

She said, nodding Her Head: "Yes, it is in the Plans of God."

And She added something else, which really drew our attention: "Everything will depend on the communications of this world remaining in place, so I am able to transmit My Message."

So we understood how important the task She is doing in this time is, and that She also is carrying Her Message through the media we have available at this time, trying to save as many as She can.

This is why we know that also there, in the Cordoba Hills, there is no possibility of transmitting an Apparition until now.

So She will wait for that to manifest. We understood that it's a task for everybody to make the Apparitions possible in that House of Prayer that She asked to be built.

She also made a third request of the groups that are present here today and those that are not, specifically all the brothers and sisters of Argentina.

We know that next Saturday we have the Apparition in Lujan, and at that moment, She asked that some of the representatives of the groups of prayer present here, do a pilgrimage to the Lujan Sanctuary with the brothers and sisters of the Buenos Aires groups on the day of the Apparition.

We asked Her what the reason was and if She had a special request. "What is important," She said, "is that whoever can, should go and join that pilgrimage; because the same task I am doing here, I will also do at that Apparition at Lujan."

So the invitation has been made by Our Lady.

Mother María Shimani de Montserrat:

So we have to get to work, to pray and to be on pilgrimage.

As Friar Elías said, this next Saturday we'll be in Lujan. As She has been appearing during these last months and will continue doing so, according to what She has said, up until the end of the year, we need to avail ourselves of the Presence of our Mother.

We invite you all to accompany us, and know that each moment during the time the Mother is present, is an unparalleled moment for receiving Her codes of Light; that if we attend the Apparition, open of heart and inwardly united with Her Presence, while we pray, many things can happen in our lives, which we have waited for since we were born; because as I previously said to you, during this time anything is possible, and we have to have a lot of faith in this.

We'll see each other in Lujan. Thank you all for being with us.
