DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Children,

The times for maturing the consciousness have come. Nothing will remain hidden from you any longer.

For this, time indicates the moment of reflection, because by being trained by My Divine Spirit you will face the challenges of growing up and of learning.

On this path of transformation in which you are placed, you will learn to recognize what is good within you, that is, your deepest virtues. You will also be able to recognize, whenever you permit, everything that no longer forms part of the Great Kingdom of God.

So that you, children, may divinize your lives, the purification cycle will notoriously set the moment of liberating yourselves from the unconscious obstacles. The prayer made with the heart will show you the starting point to begin to work internally with the aspects related to the capital principles in this world.

By loving your purification, your consciousnesses will no longer complain, and your souls, united to God, will help, with your intimate permission, so that the times may first change within you before changing in the whole world.

You are invited to the search for the detachment of oneself and for the renouncement of human pleasures that have led and lead millions of souls to the abyss of temptation and chaos.

But you, children of Mine, with the spiritual consciousness that you have received through the sacred instruction, will be able to purify yourselves and to banish the customs that form part of the degeneration of the unspiritualized humanity.

My rays of light are poured over you today and a great mirror of consciousness reflects for all whatever must change in time, before the moment of the transition.

You are being called to get to know yourselves and to identify the situations that awaken and generate the obstacles, which as a consequence, prevent you to be able to take more steps.

Children, the root of every difficulty lies in the lack of control and in the impossibility that the spirit of each being has of expanding as it has been predicted that it would do in this world.

The whole humanity has become the result of a failed spiritual and mental act that was born out of the lack of obedience and love that Adam and Eve expressed in the beginning of this Earth. For this, the Eternal Father has been fair and also very merciful with all.

For those who are more conscious and who are committed to the Return of Christ, the Universe of God and His Infinite Divine Will, will propose the time to take the great step. For this, Heaven

pours out Its blessings and sends its Messengers.

Do not allow, My children, that the roots of evil regenerate in your inner soils. With will, love and determination, cut the alliances with everything that makes the planet be in a constant stagnancy.

My Heart will help each one who sincerely, before the Plan, decides to work on their own selves and to get out of the illusion where the lower consciousness has placed them. Be attentive to My instructions, because many may believe to be doing the path, but indeed will be prisoners of their own things.

With internal and universal love I reflect to you the mirror of the One and Only Truth so that you may know how to transform yourselves and may delay no longer by feeding what resists the transmutation in your beings.

In this way, more conscious, you will be able to be soldiers in all the spaces of consciousness and thus you will help those who are more unconscious of the Universal Truth.

Meditate on the inner place where you find yourselves today. By reflecting on what I say, you will be able to perceive, through the deep prayer, where is what should be transformed in time.

Afterwards there will be no longer, possibilities of helping one's own consciousness, but only to help the emergency that the world will present.

Today I invite you to the contemplation and to the meditation on the sacred word of your Celestial Mother.

I thank you for answering to My call!

Who helps you to grow in consciousness,

Your Mother Mary, Rose of Peace
