**PRIMERA APARICIÓN EXTRAORDINARIA DE LA VIRGEN MARÍA EN LA COLINA DE LAS APARICIONES, CENTRO MARIANO DE FIGUEIRA, MINAS GERAIS, BRASIL, A LAS 10:00 H, AL VIDENTE FRAY ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

*As requested on September 5th, and answering to the call of the Divine Mother, a group of approximately fifteen hundred people went to the "Crystal Hill"(1) at 9 am.*

*The Hill of Apparitions is located in a wild place where almost no one goes. To get to the top of the Hill you have to go up a trail with a steep slope, surrounded by an abundant native vegetation. This day the sky was clear, without a single cloud, and the radiant sun raised the temperature by the minute.*

*As the call of the Divine Mother was unforeseen, the place could not be prepared to receive such a large group. The vegetation kept most people standing while a few looked for some space between the bushes and the grass to sit down. Everyone, overcoming the heat and the lack of comfort, prepared to receive the Celestial Mother.*

*On the other hand, a small group placed itself on the highest part of the Hill. This group was formed by Madre Shimani, José Trigueirinho, Friar Elías and some other brothers and sisters.*

*Madre Shimani did a small introduction, explaining what would happen and what should be the proper attitude to receive the Divine Mother.*

*Then, the work of prayer began and lasted for a long time. When the approximation of the Divine Mother was noticed, the female voices intoned "Hail Mary," while the male ones carried on praying.*

*After a few minutes, Friar Elías stood up, a sign that the Mother had appeared, and turned his gaze towards a spot in the sky. You could see him deeply concentrated and permeated in contemplating the Divine Mother.*

*After some time, he communicated to the small group that was with him what the Virgin was transmitting to him, and in this moment all of them walked down the top of the Hill to where the large group of people were.*

*Fray Elías quickly, but in profound silence and concentration, walked to a tree that was in the middle of a large group of people who were praying.*

*When the group reorganized itself again, around the tree, the prayer was interrupted and a profound silence fell, and in this way, everyone waited in static and reverent quietness.*

***Fray Elías Del Sagrado Corazón de Jesús:***

*When the Divine Mother appeared on the top of the Hill, accompanied by two angels, she said: "the Will of the Lord is that I be among all My children, therefore, I will descend."*

*And, in this moment, she went down the Hill and placed Herself upon this tree.*

*She appeared as the Queen of Peace and wrapped the tree with a great orandium.*

My peace to all Brazil!

I have come to ask you to be here from the 9th to the 15th, because I will come every day at 8pm.

*She also requested that, during these days, we would come in procession, with candles to enlighten the souls who were afflicted.*

Now I will speak.

My dear ones, how many precious souls gathered around My Mantle! I am protecting them.

I am the Queen of Love, the Redeemer of souls, after Christ.

Today, I announce myself to you as the Queen of Peace, Protector and Guardian of the hearts, the One that hears the call of the souls and all those that wish to return to Me.

I am here to ask you to come in procession up to here; not for yourselves, but for those who are asleep and do not receive the Grace, as you receive in your hearts today.

Today, I open My Arms to sow My Heart within you.

***Friar Elías Del Sagrado Corazón de Jesús:***

*She is opening Her Arms and irradiating a lot of Light towards us. In the center of Her Chest a Heart of pink Light is pulsating that She shows with Her right Hand.*

See My Heart, full of thorns, It must be healed by prayers.

I have come here to found a Center of Permanent Prayer, day and night, for peace and the elevation of the world. This is My last warning, you will understand.

See that I am the Mother of all of you, Who picks you up when you fall; I specially pick up those who forget about Me and do not respond to My call because they do not see Me.

Now, I am here, among you, to welcome and accompany you, so that you may have trust in Me, so that you may follow My path of Peace and Salvation. I am calling those who have committed to Me, since ancient Nazareth up to the New Jerusalem.

We are a single voice that must rise up to the Heavens, so that the Father responds with His Graces to all of your hearts. I am here as the Intercessor of the souls.

I ask you to come here, during the night, because My Presence will be clearer and It will reflect more in your hearts.

Will you be willing to respond to an immaterial call, of My Divine Voice, during these days?

The Lord has delivered you to Me and I deliver you to the Father because this is the time. We are in the last time, a time of crossing the portal towards Light and Redemption.

I raise My Crown of Stars towards you and place it upon your beings, which symbolizes the twelve doors that will be open in this near future of the New Humanity. Each star represents a design that will descend from the Heavens upon this aching world.

### ***Friar Elías Del Sagrado Corazón de Jesús:***

*Now, She is showing a small orandium, that has a silver medal with a small picture of Father Pío.*

Father Pio is the one who will govern your souls, a faithful companion. As I was in him, I am in you, even if you do not feel Me or hardly understand My Call.

Open your hearts, I am calling you to respond to the Greater Will, which is now descending upon this place. I wish to penetrate the broken hearts, the ones who have not felt Me for a long time and do not trust in the Mother of God. I am calling you once again, so that you may resume the path towards Christ, the Redeemer.

I have already said it: Mercy is in its last time, before the angels open the door of Divine Justice upon this world and others.

All the races that are separate will be a single people in this end of this time; because you will See me walk upon several continents, in which My Peace will be ignited among the chaos.

Now, I invite you to commune with Me, to trust My Immaculate Heart that was born in the East.

Now I am already here, guarding and protecting you with My Love from the Heavens, even though you do not see Me. I am the Mother that observes everything in each interior; even more in those who hide from Me, because they fear to trust Me.

I have come here to consecrate this place as a Center of Pilgrimage, as a Center of the Rescue of souls and opening of fallen hearts. You must be the pillars of these hearts, so that they may revive and be reborn in Christ, Who waits for them because He is still thirsty.

You must be the spring for your brothers and sisters, for those who refuse to open their hearts and have closed them, for those who suffer in their misunderstandings. For all of them, you should open yourselves to the Divine Patience, that I have lived for centuries.

I am the Mother of Mercy and I want to bring you Peace in this final time.

Much has been written in the Sacred Books, which are in the Heavens, about the Message of the Lord throughout times, times that will be united in one, for those who unite to Me in prayer and peace.

I leave you My Maternal Heart, so you may hold It in your hands in the times of tribulation and tests, because those who trust in It will be saved and will not leave the path nor My flock.

The Voice of God descends through Me because I am His Slave just like you, even though you do not believe it.

Everyone has a commitment to be fulfilled with Me and with the Lord. I elevate My Voice towards the Heavens as a great prayer so that you may find the Light and the Peace in this time.

On the last day, I will say what I want the most for this place and for this nation, which I love with predilection because I know it has responded to My Voice for a long time.

Do not fear judgment and persecutions, because the 144,000 must awaken before the 72 that I will send to this world.

Today I open My Arms to take you in.

***Friar Elías Del Sagrado Corazón de Jesús:***

*She is opening Her Arms and extending them downwards. She is projecting a White Light from the palm of Her Hands and the tree is being surrounded by a brilliant white energy.*

Today I ignite Myself inside of your hearts so that you may listen to Me, because it is not My Will, but the one that is beyond Me.

***Fray Elías Del Sagrado Corazón de Jesús:***

*Now She is pointing up, where there are open skies of light-blue color.*

This is my Emblem of Peace, My Sacred Heart, the one you must always long for despite everything and must look for when everything is in the dark; because you know that I will be there when you pray with Me, when you do not tire of praying and speaking to Me. This is how the darkness will pass and will not touch you, because you will be in prayer with Me perpetually.

***Fray Elías Del Sagrado Corazón de Jesús:***

*Now She is looking up and putting Her Hands in sign of prayer and asking us to do the same.*

Let us pray for the souls that are in the dark suburbs and do not receive the Grace that you are receiving.

Today you are aware of My Presence, but I must go to all those places where peace is not found and where the chains still have not been broken because My Light has not entered and will only enter through your prayers.

*All the group prays a prayer that the Divine Mother had transmitted in Her Apparitions in Uruguay:*

Blessed are You  
among all creatures,  
for You were conceived  
by a Greater Grace.  
Amen.

*During the prayer, some people from the public leave, going down the Hill.*

Remember, all of those who walked away from Me, that I was here to call you.

Thank you for responding to My Call.

I am the Mother of the Divine Conception of the Trinity.

For the Divine Power of the Holy Spirit and the Sublime Grace of God to all the Hearts, in the Name of the Father, the Son and the Holy Spirit. Amen.

Let us sing, so that the hearts may rejoice, a song that was born in Aurora.

*All the people present intone the song "La mujer que nos guía," in gratitude.*

*(1) The name given later by the Divine Mother to the Crystal Hill was "Hill of Apparitions."*
