DAILY MESSAGE OF MARY, ROSE OF PEACE

TRANSMITTED IN THE CITY OF PUNTA DEL ESTE, MALDONADO, URUGUAY,
TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

My Children,

The mission in Africa has recently begun. For this your spirit of unity and love must be stronger than your differences. Soon you will enter the nation of Rwanda, highly beaten by error and death, events that happened 10 years after I tried to avoid a continental massacre.

For this, My children, you were called to consciously collaborate on the liberation and forgiveness of the suffering caused to the Rwandans during these last years. Through the missionary heart of all who serve the Plan of the Redeemer, your Celestial Mother introduces Herself in the African continent for the second time and, through the missionaries of Peace, My Heart will be able to reach all of them.

My missionary children, on this nation will not only see the material result of everything that has been gestated by My adversary, but they will also find on the faces of their brothers and sisters, the sings of the degeneration of the culture and of fraternity.

But the victory of My Immaculate Heart will be possible through the loving and selfless help of all. For this, the prayer of the heart of all the consecrated missionaries will be the entrance door to the Kingdom of God.

Your Most Holy Mother is already descending over the nation of Rwanda in order to impart again the spirit of peace and of spiritual restoration of the consciousnesses.

My children, it will be important that all be very united in soul and in heart, as it will also be important that your ideas and differences do not prevail among the groups that are congregated to serve through the spirit of mercy.

Beloved children, do not open the doors to My adversary. He will try to make your ground shake, but remember that the fortress of My Heart will always help you in any perdition.

Follow the steps that I ask you. You will soon visit the sanctuary of Kibeho where the faith of all of My children of Rwanda expresses a sincere restoration of society and human dignity.

While My plan in Africa, especially in Rwanda, Uganda and Congo, starts to be projected on the hearts of the servers, I ask you to search for the essence of unification. This will protect you from your own selves and you will avoid to get lost on superficial matters.

My missionary children already enter into the first cycle of purification through the transmuting service, but My hands will support them.

I thank you for answering to My call for peace.

Who takes you to the heart of Rwanda,

Your Mother Mary, Rose of Peace
