DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE TOWNSHIP OF BARRA DO GARCAS, MATO GROSSO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dearest children,

As the Mother of all the peoples, races and cultures, your Heavenly Mother is carrying out the synthesis of the humanitarian mission for peace which has been generating internal merits for the souls and mainly for all of those that were seeking to find again the union with God.

The Congo is being restored on the internal levels and this is possible for the prayerful answer of all of My dear children of the world.

New missions of peace will come to meet you and new children of Mary will be the depositary of the next commitments that will arrive.

On this day, beloved children, I wish to ask you for prayer not only for the missionaries of peace, the ones who left on each African nation the glow of a new internal cell lightened in the hearts of My children from Africa, but I also beg you to pray for the Marian mission in the northeast of Brazil, which will need again the charity and the collaboration of all.

Children, if this mission does not happen, I will see Myself in the inner commitment of transferring the voice of My message to where the group of Association Mary now finds itself in an important task of prayer and of reconversion.

My children, when I decree the places that I wish to visit it is not only because they need a lot of mercy, but because behind everything exists a greater purpose that is unknown to you.

I thank in advance the effort of all and as I have already said, I will return to fulfill the prayer mission with all of My children of Goiania. From there I will also give My maternal blessings to all.

I thank you for answering to My call!

Who gathers you to accomplish the Plan of God,

Your Mother Mary, Rose of Peace
