ANNUAL APPARITION OF THE VIRGIN MARY IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, ON THE OCCASION OF THE CELEBRATION OF THE MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY

In the name of the Father, the Son and the Holy Spirit. Amen.

Contemplate the greatness of God's Love in yourselves, and how this Love is capable of going very far, just as My Son went very far, beyond the Cross.

Contemplate this Love in your essences, do it for the souls who do not contemplate God in themselves, so that tonight the Heart of God may be repaired from all the offenses and outrages that the world commits.

As Queen of Love, as the Mother who loves you, as the Guardian of your souls, I ask you to remember about the power of God's Love, which is invincible and inexhaustible, goes beyond conflicts and wars, and works beyond all division and dissociation.

It is this Love that My adversary does not know, and it will be this Higher and Infinite Love of God that someday will also redeem him. Just as Christ, through His Precious shed Blood, redeemed each one of you, liberating you from sin and error, opening the door of His Mercy to you so that all could enter His ocean of Compassion and Love.

In the face of the terrible scenario of the end of times, return to the essence of Love that is in you and created you in the Source at the beginning. In this way, transcend your own obstacles. In this way, dissolve your own bitterness and sadness.

Joyously receive Divine Hope tonight, that Hope that My Son promises in His imminent Return. The Hope, filled with God's Love and with life, that will renew the surface of the Earth, and will liberate souls from suffering once and for all.

Because in truth I tell you, My dear children, that when the New Humanity emerges, under the preamble of the Return of the Lord, there will be no soul on this surface whose cry will be heard, because the cry of souls on the New Earth will be of joy.

If you knew how much I love you, I assure you that you would weep with joy. Because the Love of God is not only invincible, not only profound, but it is also a transforming Love, a Love that grants you Grace and Forgiveness, that grants tonight a spiritual amnesty to you and your brothers and sisters who are listening, to all those who have turned to the Blessed Sacrament of the Eucharist today. It will be a full amnesty that will dissolve the errors committed up to the present day, and will allow your guardian angels to bear witness, before God, of this extraordinary event.

Thus, as I told you yesterday, My children, the Altars of God are open today. Because the doors have been opened by the holy angels of the Lord, so that the offerings of reparation and reconciliation made by souls may be honestly deposited before the Lord. Thus, My beloved children, together let us aspire to and invoke a good 2024, a year without wars, without conflicts or

divisions, a year in which love may prevail.

Thus, this Love is what will renew the world, if souls unite to the essence of God's Love and recognize themselves as His Children, the Children of the Source.

This, dear children, will allow more souls that are lost in the world to be contemplated by Mercy, rather than by Justice. For just as I have told you, My dear children, I wish good for each one of you and your families, a greater good that can allow you to understand reality, this reality of the end of times.

But pay attention, My little ones: do not observe the reality of the world with fear or fright. Although it is a terrifying and sad reality, I need the awakened souls to once and for all decide, through the prayer from the heart, to be bridges between Heaven and Earth, to be mediators of the prayerful word in the face of all impossible causes, which, with the intervention of the Divine Mother, will not be impossible causes, they will be possible solutions for all.

My second request at this special night is that you may invoke peace with greater strength. That your acts, words and actions may be of peace, so that peace may be received not only by the souls that need it the most, but that it may also be welcomed in those places that have suffered war, conflict and the physical destruction of spaces, that peace may be reborn in the hearts that are most thirsty.

And you, My dear children, who have been so much filled with Grace, may you, like your Heavenly Mother, be precursors of peace and believe in this peace, within yourselves and then outside of yourselves. In this way, life will not be a suffering, but rather joy that will emerge from you and your brothers and sisters, for you are responding to the Call of God.

My third and last request is that, through the Holy Eucharist that you will now celebrate, you may keep well in mind all the celestial hosts, who offer the Blessed Sacrament tonight and open all the Tabernacles of the Earth, so that the powerful Light of Christ may fill and bathe the whole world with His Love and His reparative Mercy.

For you, may this be the true celebration of the new year, that once again you may have the joy of living the Eucharistic Sacrament with My Son.

You should meditate and feel in your hearts what it means for the Kingdom of the Heavens that on each day you celebrate the mystery of the Love of Christ, through Communion, and all the saving and redeeming merits that souls receive through the Sacrament.

Therefore, My children, in this end of times, do not live Communion as something normal. May your souls exalt with bliss and joy for being able to confirm Christ within yourselves, as a symbol and a sign of hope for the whole world.

Thus, your little souls and little essences will be able to be this great mirror that reflects upon the Earth, so that the codes and merits of the Passion of the Lord may amend all the errors of the world, and grant redemption to the souls that have condemned themselves.

With special predilection and love, My children, I will accompany this Sacred Eucharist that you will celebrate today in the name of the Lord.

In this way, your Most Holy Mother, the Queen of Heaven and Earth, the Humble Slave of the Lord, the intercessor between hearts and God, will be able to elevate all offerings together with the holy angels and the guardian angels, so that peace and the end of war may be attained in the world, not only the end of physical war, but also the war within families.

Because My ardent wish, My children, is that each one of the members of your families, and of the families of the world, may find again, in their inner worlds, the Love of God, which saves you, rather than punishes you, which liberates you, rather than condemns you, the Love that loves you just the way you are and impels you to the transformation of life and of the heart.

On this special night, when a cycle closes and a new cycle begins, let us aspire, through the Eucharistic Celebration, that all souls, especially the most lost souls in the whole world, may achieve the Grace of Mercy in this coming 2024.

I tell you and ask you to have faith, because My Immaculate Heart will triumph.

Thus, I bless you for the coming year, and consecrate each one of your steps, the steps that you must take towards Christ, Our Lord, following the footprints of Light of the Great Master.

May it be a year, a new year, of more Graces and Mercies for all. My perpetual prayer is untiringly present for this cause.

Friar Elías del Sagrado Corazón de Jesús:

Mary has taken the Immaculate Heart from Her Chest at this moment, placing it upon the palm of Her right Hand. She offers it for each one of us as an Ardent Heart in love, in Grace, in service and pity for souls.

Let us pray, renewing our vows for this coming 2024, and taking for ourselves the Immaculate and Ardent Heart of Mary, which burns in love for the souls and families of the world.

Holy Mother, we give thanks for Your Presence here among us and in the whole world.

Accept our life the way it is, imperfect, fill us with the strength of Your Love, so that we may concretize the aspirations of Your Most Beloved Son, Jesus Christ.

Immaculate Heart of Mary, strength,
light, protection and hope,
in You we are renewed, to You we consecrate ourselves
so that we may be witnesses, now and forever,
of the triumph of Your Immaculate Heart
in all of humanity.
Amen.
(3 times)

The Divine Mother is smiling, because She tells us that She gave us Her Heart and now She asks us to give Her our hearts, and not to fear, because we will not lose our lives, because She said that if we give Her our hearts, we will have life in abundance.

In the silence of our hearts let us give them to Mary, just as She gave Hers to us. And thus, our hearts and the Heart of Mary merge into one Heart, and we receive from the Divine Mother the gift of understanding, the gift of patience, the gift of faith, the gift of forgiveness, the gift of healing, the gift of peace, the gift of unity and the gift of redemption.

I thank you for responding to My call.

Remember My three requests.

In the name of the Father, the Son and the Holy Spirit. Amen.

Thank You, Divine Mother, for all that You give us!
