**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,  
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

My call comes from the Heart as Mother and Guardian of all souls. My hope is the salvation of all and the eternal peace in the world so that God may reign in the creative life of this universe to which you belong.

Therefore, beloved children, remember today two spiritual exercises that will help you during this cycle of changes in the world:

The inner adoration to the Most Holy Heart of Christ. In the adoration of My Son you will find the foundations to strengthen forgiveness and love in your hearts.

Confession made with the heart, which will lead you to the truth and to the forgiveness of all the faults committed against the Lord.

Therefore, dear children, I reveal to you the power of Grace so that you may see and feel that the hour of reconciliation for the whole world has arrived. If you live under the mantle of prayer, the Graces that will come through the conversion will be greater, and thus you will be living in a renewed faith.

The sacrament of confession allows you as souls to be before the presence of God and of My Son without fear, with courage to forgive what is still not mature in your hearts. The confession made with the heart will be able to liberate the world from its own weight, and then there will be less pain in your hearts.

In this way, dear children, you will give life to the talents and you will wake up to the new life in the Kingdom of God.

Little children, confession and adoration will uplift you as souls; thus more Graces will be able to be poured over all the children who still do not live in God the Father. True forgiveness, given first to each one of you, will help so that the Light of the wisdom of My Son may later reach the hearts of other children, so that they may live in peace.

Dear children, every sacrament is to be lived because they are sacraments of the heart, which construct the new, redeemed soul. The first step is the opening of the heart so that afterwards the Mercy of My Son may descend.

May you live and cry out for Divine Mercy, because it is the Primordial Source of Forgiveness.

Who always shelters you with Maternal Love,

Mary, Mother of the Divine Conception of the Trinity
