DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF GOIÂNIA, GOIÁS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

Today I ask you to look to the Far East and see in this moment how your planet is responding before a blind and careless humanity.

While the souls of Nepal are being removed from the rubble, your Heavenly Mother is found in perpetual prayer so that the world does not continue getting agitated as in these last days.

Children, all of humanity is called to the awakening, to the search for the life of the spirit and not for the materialistic life and for modernity. But for humanity to perceive that nothing is fine, some regions of this planet are already starting to live the result of a reality that it generates every day.

Something must change and even though this is not expected to happen with the majority, today, dear children, I hope for this change to happen in you, living it for the whole humanity and specially for those children that for a long time have been turning their back on God.

The time of transition has arrived and nobody is ready to deal with it. For this, pray with your heart every day and start to abandon the normal life. In this way, My children, you will not remain empty and without spirit, like most of this humanity.

Today My call of prayer for Nepal and the Congo is extended to all, since the time has come to work, so that the Plan of God may be fulfilled despite all. In times of purification, may your union with My Son be the main reason for peace to be achieved.

Humanity is being called to change and to be fraternal with those who lose everything and are the most unprotected ones. Carefully reconsider your own actions and decide to change, children, time is running out!

I thank you for answering to My Call!

Who calls you to the mission for peace,

Your Mother Mary, Rose of Peace
