DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

Peace will be reached in the devotion to My Immaculate Heart, and the world will live some more time of Grace. See emerging from your hearts the presence of My Maternal Love and your lives will be closer to God the Father.

Dear children, My Heart cries out for the redemption of the world and of so many children that your little hands could not count them. My beloved ones, the universe to which your hearts belong is full of Light and Grace, but little has humanity learned how to live from God. For this reason, raise your eyes always towards the Kingdom of the Most Holy Father so that on the path that you are traveling you may see My Son at your side. He is the One who returns for Love, Redemption and Peace. Find God in your lives through prayer.

Dear children, accept to enter the path of My Peace so that My Heart may guide and protect you. While the world still believes that it is living well in the way that it has been formed through generations, I tell you that all souls must surrender themselves before the throne of the Creator so that He may see them with eyes of Mercy.

Beloved children, fulfill the promise that your hearts have made to My Son. First of all, live in Him perpetually so that later, drinking from the Fount of His Heart, you may merge yourselves with His Holy Spirit of Love.

Today I invite your consciousnesses to return to the union with My Son that each one of your lives had in the beginning. For this, dear children, reach the redemption of your lives through prayer, through communion with Christ and through the reconciliation with the Most High.

In each new conversion you will be helping to alleviate the world so that the Eternal Love of the Heavens may reign over the sorrowful Earth.

Thank you for responding to My call.

Divine Mercy for those who have not yet achieved it.

Mary, Mother of the Divine Conception of the Trinity
