**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Opening My arms once more, today I tell you, dear children, that if you are like children and come to Me you will be in the new paradise of God. Day by day the world uses up the precious resources that God has given you through each one of the Kingdoms of Nature.

My children, the time of outrages against the Kingdoms will end and humanity must account for everything it has received from the Hands of the Creator. It is time for pride to disappear from the hearts of My children so that the true Peace of God may dwell in the lives of all My children.

I ask you to be strong in the prayer of the heart so that the Celestial Grace may be able to convert and repair every offense of humanity towards God.

Dear children, this is a time of transition that your lives are going through, these are no longer normal times. I call you to the awakening so that your hearts may be able to face each event in the world and you, as servants of My Son, participate in everything, collaborating with the sincere prayer I ask from you, a prayer that may be a source of love for all.

In this way, My children, you will be able to perpetually have the presence of My Son Jesus in your souls and in your hearts. You, who are more open to the prayer of the heart, must convert yourselves, not only to sanctity, but also into servers of the blind humanity.

Know, My children, that the Grace of Reparation is in your hands and it comes by means of the prayer done with the heart. If I repeat this, it is because you still need to practice My requests more.

I thank you for your response!

Mary, Mother of the Divine Conception of the Trinity
