**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

.I come to you to give My Message of Peace for those who suffer and lack Jesus, the Consoler. My Son is eternal consolation because His Spirit heals the souls to redeem them and liberate them from all faults before God.

Therefore, dear children, search today for Jesus, the Consoler, through prayer so that your souls may be partakers of Divine Mercy. Recognize, My children, that without Jesus you will be nothing. He is the power that vitalizes you and leads you to find the spring of love, the unfathomable source of forgiveness that many of My children need.

In this aspiration, raise all pleas to Heaven so that My Maternal Heart may be able to collect them and keep them as a gift in the Eternal Heart of God.

Many of My children expect good times for life. They are the ones who do not change in the heart. Therefore I invite you to prayer, to elevate the thought towards God and thus allow His One and Only Law, the Law of Love, to act on the reality of your lives.

My children, for the new Holy Spirit of Peace to fill your hearts, first you need to erase from them all pain or separation that exists among creatures. You, as praying beings, already know that humanity is very divided before God for the lack of true charity towards others, charity that starts with the emanation of the love of the heart.

Never forget, My little children, that the Love of My Son, which must reside in your hearts, is the Love that will allow you to heal all the past. Follow the steps of My Immaculate Heart.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
