APPARITION OF THE VIRGIN MARY IN QUEBEC, CANADA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, FOR THE VIGIL OF PRAYER OF JUNE 24

Je vous salue, Marie,
pleine de Grâce,
le Seigneur est avec vous.
Vous êtes bénie entre toutes les femmes
et Jésus, le fruit de vos entrailles,
est béni.

Sainte Marie, Mère de Dieu,
priez pour nous, pauvres pécheurs,
maintenant, et à l'heure de notre mort.

Amen.
(*six times*)

In the name of the Father, the Son and the Holy Spirit. Amen.

Purify yourself in the Water of Life that I offer to you today. Contemplate before you the greatness of the gift, the manifestation of charity, of the providence and abundance of God through the Kingdoms of Nature.

Receive, then, this impulse of Light. Allow the waters to purify your being, hold nothing back for yourself at this moment, open up to the spiritual healing you seek so much. But do not do it through an intellectual thought.

Allow your spirit, which knows the essential, inner and spiritual life, to be the one who rules this moment so that you may attain the liberation from yourself.

My son and My daughter, this is the time of inner liberation. The Universe descends with Its Graces through the Heavenly Mother, because Her Graces are abundant, and also infinite. The Hands of the Mother of God and Her Immaculate Heart are filled with Graces for souls.

Who will be the depositary of these treasures?

This is why I bring you the power of the elements of nature, because I know that your souls need it to purify and liberate themselves forever. This Law of Purification, which rules the planet and humanity today, must no longer be interpreted or understood as condemnation or punishment, but rather as a powerful stream of life that helps consciousnesses for their transcendence and elevation.

Thus understand, My children, that everything is in its place at this moment. Although Our Divine Consciousnesses know that humanity is out of the Law, even so the universe of Our Graces, Prodiges and Mercies is infinite, they are greater than all error or grief.

I come here, on this day, in a simple and giving way so that My children in the world may imitate the Mother of God in Her total divestment, in Her selfless and unconditional spirit, in Her absolute trust in God and in the fulfillment of His Sacred Will.

I come to show you the path, lovingly. This is why today I point you to this fountain of Graces through these waters that descend from the deepest cores of the Earth and emerge to the surface in inexhaustible self-giving.

Avail yourselves of the spirit of the waters, their chastity and purity, their planetary and universal service, to cleanse the wounds of human consciousness. Thus, you will be able to understand, My children, the immensity of the self-giving of the Mineral Kingdom.

How many mysteries are still kept in nature, which are waiting to be revealed if the soul and the spirit of consciousness only place themselves before nature with reverence and love for what is sacred, for all that which Creation has manifested to them through the Kingdoms of Nature, which offer themselves for the evolution of human civilization and the awakening of all human consciousness.

Thus, you have the example and also the path to learn to give of yourselves and surrender in confidence, just as all of Creation does.

As the Mother of Life, as the Mother of Creation, I am here today to invite you, in the name of My Son, to enter the Water of Life so that your souls and spirits may be purified in peace, gratitude and in the hope that the promised day will come, of your own liberation from captivity, from all belief, from any personal idea, from every understanding that is not correctly united to God and is not a part of the Divine Purpose.

All these expressions of the human being of the surface are the causes that have generated the distancing of this civilization from the truth and reality that God proposes through His Spiritual Government, because it is important for all to remember that everything is already written in the Heart of God.

Through the purification of the waters, and also through the blessing of the waters, may each one live in this cycle the time of their own inner detachment and divestment so that, renewed by the Water of Life, which springs as Grace from the Heart of the Celestial Father, you may see the reality of these times with the same gaze of the Hierarchy, a gaze of compassion, wisdom and discernment.

I am here as your Mother, once again, to encourage you to live this cycle, for which the universe patiently awaits, for your and the whole world's good and peace, so that the Divine Laws, which have been acting and working since the origin, since the beginning of everything, may continue to work and edify, just as God decrees.

May the waters bring healing and renewal to you, so that the world may be healed, renewed and re-integrated into the Principles of the Creator, through His Will.

Let us pray, My children, for many more to reach this cycle in trust, humility and resignation, loving the Absolute and Eternal God.

Behold the Slave of the Lord. Just as His Word was fulfilled in Me, may the Word be fulfilled in My children, may the Living Word of God be fulfilled in as many consciousnesses as possible, before the last time, the end time, is fulfilled.

I thank you for responding to My call!

May the waters of the planet heal the wounds of all those who cry out for healing and peace.

In the name of the Father, the Son and the Holy Spirit. Amen.
