**APPARITION OF SAINT JOSEPH AT THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY,
TO THE VISIONARY SISTER LUCÍA DE JESÚS**

In the name of the Father, the Son and the Holy Spirit. Amen.

May your heart, child, never forget to pray for souls, for the souls in the abysses of the world, in the purgatories and hells to which they have condemned themselves.

May your heart never be indifferent to the suffering of souls, and may this suffering always show you that life makes sense, which is to balance, with acts of love, all the ignorance, all the indifference, that led souls to suffering and perdition. May your life be an act of reparation so that other souls may have the opportunity to find the Light.

May your heart find meaning in a life that repairs, at each moment, the suffering of souls, for in the abysses of the world, child, there are souls who feel they are forgotten, abandoned in their constant suffering, in the unthinkable pain, a pain that you could never imagine, which is not only the bodily pain, but also the pain of forgetfulness, the pain of spiritual suffering, the pain of a repentance that seems not to find hope, the pain of knowing themselves to be ignorant, of being aware of their own deepest miseries, and of not being capable of repairing these miseries on their own.

The souls who are in the abysses of this world need intercession, from hearts that put aside their own defects, their own needs, all that weighs on them and causes such a small suffering, when compared to the suffering of the souls in the abysses, so that, in this way, by dedicating a sincere prayer to them, the Mercy of Christ, always available, may enter these abysses and rescue these souls.

Keep this as one of the most important instructions that I have brought to you, because these are now the last Words of the Messengers of God. Everything has been said to you. I have taught you everything, so that you may learn to be intercessors with Me.

I cannot tread this path for you, this is up to each one of your own feet, but I want to leave you this teaching: that you pray and intercede for souls, that you never submerge in your own suffering, believing that no one in this world suffers more than you. Whenever your hearts feel pain, sadness, anguish, kneel down, children, leaving aside that which you feel, and pray for souls. This will have great merit in the Heavens if you do this, and a great learning of love will expand your consciousnesses and will bring you a new meaning to life, to what it means to be a human being.

Despite the abysses that exist on the planet, despite all that happens on the surface of the Earth, while you are still living you will always have the opportunity to redeem and reconsider. You will always have the possibility to reconcile with God, receive and grant forgiveness. You will always have the opportunity to open the Heavens and cry out for Mercy, thus causing this Mercy to descend to Earth.

However, from the moment you are no longer living, as the souls of the abysses of this world, you will need the intercession of others to find peace. Therefore, remember, children, that, however

great may be the suffering on this Earth, it will never be greater than the suffering of the souls in the abysses, and you will always be able to put your suffering aside, to intercede for those who suffer more than you, whose mouths cannot even pronounce a prayer, but only wait for someone to pray for them.

I bring this to you as one of My most important instructions, because as the definition of the planet draws near, you will see many unbelievable situations on the planet and within yourselves, but you must never allow these situations to make you forget that there are souls that need your prayers.

Service for others elevates your consciousnesses, redeems your deepest errors, your most deeply rooted miseries. When kneeling down and in solitude, you pray for souls, and not only for yourselves, then, children, you will cross a secure door to the Heart of God, because the Creator is found in service, in humility and in the elevation of consciousness; the Creator is found in the acts of mercy, in the sincere expressions of love and in the capacity to unite to Him in sincere crying out.

The time has come to live true spirituality. Many think that being spiritual is imitating the characters in the history of saints, but I am not speaking about this. I am speaking about a sincere decision to transcend your own limitations, your own miseries, your own resistances, to unite to God in that which He thought out for each one of you. I am speaking to you about leaving aside the characters of the world, all that which current humanity makes you feel that you must be and live, so that you may find, in union with God, His Divine Purpose.

It is no longer the time to look aside, it is no longer the time to point out the errors of others, it is no longer the time to observe the miseries of others, not even your own miseries. Now is the time, children, only to transform. It is only time to walk, with your eyes fixed on the Divine Purpose, on the idea of Love that He emanated as He created humanity and, through example, transform the errors and redeem the miseries and, through prayer, intercede for souls.

How many among you wake up every day searching for the meaning of your own lives, open your eyes asking to God to teach you to love more, to help you give examples of love, to transform in yourselves that which you see in humanity, and which must be transformed?

How many among you are seeking renewal from inside out?

Correct intention will always lead you to the correct place. Therefore, despite your imperfections, despite all the difficulties that you may face each day, always elevate to the Universe the correct intention to be that which God thought of for you. I have told you that this is the greatest service that you can render, not only for yourselves, but also for all of Creation, much beyond the Earth.

Regardless of whether the Words of the Divine Messengers may continue to resound in the world, Our Hearts will always be with you, as well as with all beings. The time has come to deepen, to not listen only from outside, but above all within. And so that this inner contact may be carried out, so that the elevation of each one of you may be a reality, Our Hearts need to withdraw, but everything has been said to you. Now it is necessary to make the effort to study and live each one of these Words that We have transmitted to you in the last fifteen years.

So that the apostles could also live the Christic life, Christ needed to ascend, but He never abandoned humanity. He always made Himself felt when it was needed, He always whispered in hearts the answers to their deepest questions and, above all, He gave you the Consoling Spirit, the Holy Spirit, so that it might not only dwell in humanity, but also within human hearts.

Therefore, when you hear about withdrawal, hear also about the experience of what you have learned, and know, children, that you will always have all the help you need to take each one of the steps that you must take.

Therefore, do not fear, just move on and live what must be lived.

You have My blessing for this.

May those come, who aspire to consecrate themselves as Children and Friends of Saint Joseph.

I contemplate, in Omnipresence, each heart that aspires to live consecration.

Sister Lucía de Jesús:

Please bring blessed water and incense to bless.

Close your eyes and open your hearts.

Listen, child. This is the voice of a father and friend who has accompanied you throughout your journey until you arrived here; a father who knows the human condition in depth, therefore knows your deepest miseries, your most hidden pains, your most sincere sacrifices, your true efforts and all that you have done to come this far being a better human being.

Just as I welcome your heart in My Heart, also receive My Paternal Love, which, like a lily, I deposit within you, so that you no longer feel guilty about your past, so that you no longer suffer for that which you cannot understand, so that you may rejoice with each small victory, so that you may recognize the Purpose of God for your life.

As your father and friend, just as I did with Jesus, I will flee with you to the inner desert, when your life and your little heart are under threat.

Just as I did with Jesus, I will take your hands and teach you how to walk, I will teach you how to serve and I will also learn from you, because the Love of God is renewed in your heart, just as it was renewed in Mine and in the Heart of Christ; just as it was renewed in the Immaculate Heart of Mary.

Just as I was not alone in other times, I am not alone now. The Sacred Family always walks in spirit beside all the souls who say 'yes'. Therefore, contemplate, children, that We will always be by your side, teaching you every day where you should go.

May your heart not tire of praying and also of being silent when the moment comes, so that you may hear Our answers in the innermost depth of your being.

May this consecration strengthen, renew and purify you, so that, as a Child and Friend of My Chaste Heart, you may bear witness to transformation, service and love. And today I ask you: do not forget to pray for souls, for the souls of the abysses.

With this incense that I bless with My own Hands, I purify your spirit, your consciousness, your heart.

With this water, which I bless with My own Hands, by the authority that My Son grants Me, to be father and intercessor of souls, I bring renewal for your small life.

May your steps be protected. Despite everything that may happen in the world, may your heart always know the path to find peace again.

Thus, I bless you and consecrate you as My Children and Friends, Children and Friends of Saint Joseph.

After you receive the Sacrament of the Eucharist, receive also the Anointment with oil that I will now consecrate to renew your path and your lives.

Sister Lucía de Jesús:

Please, bring oil to bless.

As you receive this Anointment, feel the touch of the Spirit of God, of His profound Love for souls, so that you may reconcile with Him on behalf of all of humanity.

Thus, I bless you and consecrate you in the name of the Father, the Son and the Holy Spirit. Amen.

May you prepare for the consecration of the Eucharist with the Hymn of the Children and Friends of Saint Joseph.
