## DAILY MESSAGE OF THE MOST CHASTE SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Sister Lucía de Jesús: When Saint Joseph appeared today, He presented Himself in a way I had never seen before. He was dressed in a white tunic and a brown mantle that was held on His left shoulder and fell upon His tunic. He had in His right hand a branch of tuberose a little to one side, with three little flowers almost at its end. His eyes were shining like never before, with a very light honey color. He looked younger, about 40 years old. His hair was just above His shoulders and He was standing on a green field among the clouds. He said that this was the image of the day when He was chosen to marry Mary in the temple and that this was the face that He wanted us to know in this time, because it would give us the impulse we need in order to start a new cycle. That moment represented to Saint Joseph the beginning of a new and definitive cycle, when He entered into the development of the archetype of God for humanity.

Today I come to meet you with this face because it is in this way that I will talk to you from now on, bringing to the world the impulses of the first steps of sanctity of My Chaste Heart.

With this symbol, I want to demonstrate to you that the first step to start a new cycle, a new life, guided by the Will of the Most High God, is transparency of heart, of mind and of the senses. By being transparent in that way, do not hide from your fellow humans that which you truly are and never try to hide from God. It is by being true and transparent before everyone and everything, that you will be able to initiate this path.

Do not be afraid of proclaiming your own faith and spiritual journey; and do not live according to the tendencies of the world just to not look different in the eyes of people.

If you do not seek to hide yourselves from God but rather offer Him your own miseries, as well as your virtues every day, you will then know what must be transformed and what must be strengthened, under the spirit of humility and prayer.

May the simplicity of heart open the path so that you can be truthful, without fear. If you aspire to this, you will discover in yourselves a potential that has always been hidden by the layers of false faces that you would like to appear to the world in order to feel, in this way, as a common part of this degenerated humanity.

Feel now as a part of the Project of God and open yourselves so that, little by little, you may manage to lose what you appear to be today, and thus discover what you truly are.

I bless you and impel you.

Your instructor and guide,

The Most Chaste Saint Joseph

In the end of the message, Saint Joseph transmitted the following prayer:

Prayer to begin the spiritual trajectory toward the discovery of the New Human Being, which is, in truth, the principle of the manifestation of humanity, which has never before found a space to descend to the consciousnesses of this world.

Those who pray from the heart will open new doors to their own transformation.

## Prayer Inspired by Saint Joseph for the Manifestation of the New Humanity

Saint Joseph,
May Your humility be reflected in our hearts
as a symbol of simplicity
and recognition of the greatness of God.

May Your sacred face inspire our paths and, through You, may we discover the essence of the New Humanity, an expression of the perfection of God, a profound likeness to the Creator, a living manifestation of the wellspring of His Divine Mercy.

In Your Chaste Heart, Saint Joseph, Servant of God, may we learn to let ourselves be guided by the Sovereign Will of the Creator.

Amen
