EXTRA MESSAGE OF THE HOLY MOTHER OF GOD, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO MOTHER MARÍA SHIMANI DE MONTSERRAT

Peace to all of the hearts of the world!

Peace to all of the pilgrims of the world!

Peace to all of the true servers of God in the whole world!

Peace to the new apostles of My Son!

Peace, always Peace!

My beloved children,

Today a new planetary cycle begins. Today the planet and its humanity definitively enter an intense cycle of their transition to convert themselves, in the times to come, into a new civilization.

Today starts, for My most conscious children, the full purification of their beings so that when the great movements of the Armageddon are triggered they may already be empty of themselves, purified, and may be able to help their brothers and sisters to transit the difficult times that this world will live.

For a new humanity to emerge, the previous one must transcend itself in all of its aspects without leaving archaic, crystallized structures, that do not allow My children to take steps in their consciousness.

Each being of this Earth will be purified and will receive the Grace of converting themselves in that which the Almighty God has thought for them. Each being in this world will have the opportunity of expressing the spiritual attributes that the Creator placed in their essence so that in their life experience they may serve the One and Only God and all of their fellow human beings.

After so many mistakes, so many faults, once again the Eternal Father will send His Firstborn Son to this planet. This time, He will be dressed in Glory in order to rescue this race once again, a race that succumbs day by day in ignorance, in the lack of peace and in the lack of spirituality.

Today, dear children, all the trumpets will be played and My mantle of light will be extended across the four corners of the Earth to cover all of those who in humility may define themselves and put themselves under the protection of the Mother of God, the Universal Feminine Consciousness that is here among you in order to make this offer once again.

Nothing will stop the coming of the new, because this is written by God in the books of Creation. This is His Will, that His Holy Project be fulfilled.

Remember that the great spiritual victories that resonate in the Universe and forever change the destiny of all that was created are just that, spiritual victories, and not material ones.

The Great Divine Victory that changed the direction of this Creation was the Christification of My Son, the Nazarene, Who in the eyes of the great majority in that time was a failure and a lie.

Do not let yourselves be deceived by the material events that you will see, because this humanity is so lost that it would again destroy all that has been built by God, simply for not accepting the truth.

For this, beloved children, unite with My Heart and allow that I realize prodigies in your consciousnesses, those that will stay engraved forever in your spirits and that no one will be able to remove, because they will be lived and experienced by your own selves.

These will be your truths, your strongholds and treasures in the time that will come, in which your true faith shall rise firmly and be the column that will support you.

Remember these days that you have shared in this Sacred Aurora. Remember the simplicity of this House, the effort that is made here in order to learn about the sacred and about reverence towards God. Remember, children, that this is the truth; the truth that I Am here with you, the truth that My Son has bathed you with His Glory and has called you Companions and that the Holy Father Michael descended from the ultraterrestrial universes and that He liberated you from your dark learning experiences.

Keep this truth in your hearts and in your spirits, and do not permit My adversary to destroy it.

Today I bring the Light of all the stars of the firmament so that it may bless you; so that the universal codes of Light may enter into your consciousnesses and will guide you in this final cycle.

Here I Am. I Am your Mother of Love. The one who seeks shelter under My Mantle shall fear nothing, because they will be in Me and I in them.

Hail Aurora of My Heart!

Hail humanity in redemption!

Thank you for being here today, on this sacred ground with Me.

Your Universal Mother, Rose of Peace
