MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA TO THE VISIONARY SISTER LUCÍA DE JESÚS

I want to make use of the merciful heart of My children, to mitigate the Justice that rains down over the world. I ask you to pray with fervor, so that the ray of My Redemption penetrates the world and passes through the heart of those of My little ones who, out of ignorance and vanity, have been taken by the shrewdness of My adversary.

I want to dissipate evil with the emergence of the Absolute Light of God. I want to dissipate sorrow through the living of the Sovereign Peace of My Immaculate Heart. I want to expel hatred from the hearts, through the reigning of love in those who, brave in spirit, allow themselves to be transformed, in order to fulfill the Perfect Project of God for this world.

If you want to see the establishment of Peace in the world, be peaceful in your lives. If you do not want faith to be lost from the heart of humanity, do not lose yourselves the opportunity of praying and strengthening your own faith, in order to take it in essence to the ones in most need.

My children, the world agonizes and humanity, by its actions, harms the Sacred Body of God, which expresses itself in all the Creation. To repair this suffering that you cause to the Father, I come to deliver to you the sublime knowledge about the cosmos and the infinite, and thus, ennoble the human consciousness and take it out of the darkness in which it lives. But the majority of humanity encloses itself in the conveniences of the life in this world and refuses to recognize life in other universes. They prefer to disbelieve My presence rather than to transform themselves in order to enter, in essence and spirit, into the balm of the celestial truth.

Do not become comfortable in the ignorance, because I do not come to deliver to you this universal knowledge only to transform your way of thinking, nor to spread an esoteric thought throughout the world. Do not confuse the celestial words with human concepts, My beloved ones, because when chaos grows throughout the world and the Divine Justice descends to stop it, only the certainty of the existence of the realities beyond this life and the certainty that everything you live has a superior purpose will strengthen your hearts and will allow you to walk in faith and help those who are letting the flame of the heart be extinguished.

Everything in Heaven as well as on Earth has its time. Throughout the centuries, I let Myself be known to humanity, so that you could trust My love and My guidance; and now, My dear ones, I want to reveal to you the true existence of the universe and announce to you that there is life far beyond this one; that there are entire civilizations waiting for the growth of your spirits and, in hope, they expect you to reach the likeness to the One that came to be the example for the all of humanity and who now reigns in the cosmos, as the Perfect Principle of God, an example for the whole of Creation.

My Children, I want to announce to this planet, the existence of many other worlds, created by the angels and archangels of God, the so called Creator Fathers, who have an infinite power of creation and who create and recreate the entirety life, giving to the Lord the possibility of expressing Himself in various ways.

It was pride and vanity what locked humanity up in the thought that the universal life does not exist, and that beyond this Earth there could be Heaven and hell, at the most. Today I tell you that there are more than seven Heavens, where saints and angels continue their path of evolution, and that there are more than seven hells, where the consciousnesses that have not followed the divine principles and let themselves get absorbed by darkness, wait for mercy to permeate and rescue them. One of those hells is a reality on the surface of this world and is distributed in many degrees, according to the reigning of chaos and to the submission that it causes to the souls.

For the redemption of that darkness, I come to the world everyday. And I want you to know that the awakening of a few, which are yourselves, the ones who listen to Me, is what will cause the salvation of this race which is not the only one in the universe and which is so contaminated that, even being the cradle for the King of Creation, is in danger of disappearing from this infinite Cosmos, because of the self destruction which is not only physical but also spiritual.

It is for the redemption of that darkness, that I come to the world everyday. And I want you to know that the awakening of a few, which are yourselves, the ones who listen to Me, is what will bring about the salvation of this race which is not the only one in the universe and which is so contaminated that, even being the cradle for the King of Creation, is in danger of disappearing from this infinite Cosmos, because of the self destruction which is not only physical but also spiritual.

My beloved ones, if humanity does not answer to the Call of God, His Creation will still continue its evolution in the universe, but a perfect learning of love will no longer be brought to all the creatures who await being able to meet the Father.

Listen to My voice and far beyond comprehending Me or not, allow one ray of My Heart, imprinted in this word, to pass through your souls and awaken them from the sleep they live in the illusions of matter.

Redemption, salvation and mercy for the planet.

Awakening and reconciliation with God and with His Plan of Love for those who listen to Me.

I bless you, by the power that God has granted Me.

Your Mother Mary, Rose of Peace
