DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??

Sanctify your lives adoring the Living God that inhabits all that has been created.

In the essence of the purely interior act of adoring, you will find the true meaning of service and of charity, which is the quest for unity with the existent God in all things.

In a faraway past, the human beings recognized the sacred as something more natural and could feel it as a part of their lives. Nowadays, teaching you to internally reverence and adore God is like offering you a great challenge.

In Jerusalem, as in all the East, many spent their whole lives seeking the Savior and waiting for the Messiah, believing that they were living and breathing only to find Him.

But when they were before Him, they did not accept Him and denied the Humility of God, that was the most pure symbol of His manifestation among humanity.

Do not run the risk of living the same that humanity from old times lived, that believed that they were seeking God and that they were living for Him and, however, never believed in the veracity of their quest and even less, of their goal. They received the teaching as something sacred, but only to remain in the theory and organize life socially and ethically, in a way that they could live with a little more peace, in times of so many wars, conflicts and incessant quests for power.

May the Words of the Divine Messengers, that today are sacred to many, not be only beautiful theories, that make you more peaceful in face of the common society in which you live.

Banish from your interior the hidden doubt about the veracity of the teaching and do not allow that the unconscious of humanity make you believe that Christ will never return. Because if you reflect and seek the depths of unconsciousness, you will find many aspects that deny the existence of God and His Plan, as well as the return of His Son. These are remnants of a degenerated humanity that, over 2,000 years ago, did not believe in the incarnation of the Messiah.

Open your eyes and purify yourselves, walk truly to the transformation, so that you will not be surprised by yourselves in a near future.

I love you and guide you to the inner transparency so that you may get to know yourselves and banish the old being.

The Most Chaste Saint Joseph, Faithful Guardian of the return of Christ
