APPARITION OF THE VIRGIN MARY IN SÃO JOSÉ DO RIO PRETO, SÃO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, DURING THE PRAYER VIGIL

Our Lady appeared silently and at the end, Mother Shimani introduced the account given by Friar Elías.

Mother María Shimani de Montserrat:

We will give a short account of how the Apparition unfolded.

As it has occurred in the last few months, on the days of the Vigil, Our Lady comes silently, but generally allows us to give a short account; and on the days of the Apparitions, She addresses us with Her Words.

So we are going to ask Friar Elías, who received Her permission today, to tell us something.

Friar Elías del Sagrado Corazón de Jesús:

As Mother Shimani said, Our Lady at first appeared silently. The portals gradually opened over this house and an angel appeared with a great harp, which was played softly with their hands, and its sound slowly opened the heavens more.

The angels, who were coming with Our Lady, slowly positioned themselves close to us and were observing us in a state of contemplation and silence, until at a certain moment, our Mother appeared as the Queen of Peace.

The Love that She radiated gently enveloped us and that Love had the same movement as the wind we are feeling right now. It must be said that the wind was also helping, in this manifestation of our Mother, in the opening of those celestial portals.

Our Mother came in silence, smiled at us, manifested Her Aspect with the blue mantle, the rose-colored robe and the golden belt. Her face shone brightly. Her eyes transmitted the Love and the Mercy that we often feel.

And while we stood before Her, for a few seconds, She showed us the reality of the world, what humanity is experiencing at this moment. Her silence transmitted sadness and pain to us at times, and at other times, She transmitted joy and rejoicing to us.

During the whole time, She was blessing us, wanting to embrace us as a mother embraces her little child. And that embrace was spiritually given to each one of us by Our Lady.

At a certain point, She said to us:

"Dear children, I do not come to harm you, as I have already told you today; all I need is that you change. Keep holding tight to My Mantle, I will never let you go; but I ask, dear children, that you not let go of My Mantle. Everything will pass. Everything will improve. Continue to pray, pray a lot, you need it and the world does too."

And after a time, She gave us some guidance, as She always does.

At a certain point, when She was blessing us all, She consecrated this house as a point of light, and said to us:

"Dear children, I have chosen this house because it has opened the doors of its heart to Me. I want a prayer group to be formed here that, through prayer, will help all those who are in need of Light and of My maternal help throughout this region. I will thank you for responding to this call."

Afterwards, rising to Heaven, She said to us:

"Dear children, in truth, prepare for tomorrow. My Words will be much stronger. When you awaken, pray with Me, pray with Me from your heart. It will be an important day for many souls. For this preparation you have offered to My Immaculate Heart, I am truly very grateful, Heaven is very grateful. I wish you could understand what this means for the Plans of God."

And then, at that moment, She smiled at us, embracing us within Her Heart.

At the end, before leaving, She said to us:

"Remember, dear children, to always keep My Love in your hearts. My Love will always help you. I thank you."

Mother María Shimani de Montserrat:

Let's sing to say goodbye.

Song: "Magnificat"

Thank You, Mother, for all that You give us!
