**APPARITION OF THE GLORIFIED CHRIST JESUS AT THE MARIAN CENTER OF THE HOLY SPIRIT, CORDOBA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, FOR THE SACRED CALL OF FEBRUARY 21**

In the name of the Father, the Son and the Holy Spirit. Amen.

In the name of the Father, the Son and the Holy Spirit. Amen.

In the name of the Father, the Son and the Holy Spirit. Amen.

Behold the Sun of God that was created in the Cosmos to illuminate all consciousnesses and creatures. This is the infinite and cosmic Sun that never extinguishes, that always comes to assist those who need It and those who cry out for Its inner presence.

However, I Am not alone here today but rather accompanied by hundreds of other Suns, which know the infinite trajectory of this universe and Creation. They are the sacred consciousnesses of old, those consciousnesses that have been walking throughout time, throughout the events of the universe and the planet.

For this reason, today the infinite Suns that respond to the Creator are present here to radiate their codes of Light, not only to your consciousnesses but also to all of humanity, which, as you know, is going through its dark night.

Behold the Sun of the Reliquary of God, which spiritually presents itself so that souls may venerate and recognize it within themselves.

This is the eternal communion that you and your brothers and sisters must achieve in this time to be able to endure the last events so that your consciousnesses may be transformed inside and outside, so that your lives may be completely different, just as God expects in His silence and in the infinity of His Love.

Receive the presence of the Hierarchical Suns of God today, those consciousnesses that respond to His Original Project, to His Will and His Design, those consciousnesses that know the origin of each being and accompany the trajectory of each soul and each spirit on the planet, even of those who are in errors and perdition.

However, through the Sun of Our Hearts, We illuminate the dark spaces of the consciousness and of the being so that they may be redeemed; We bring the peace that many seek in this time but cannot find it. Yet, by simply placing your consciousnesses before these Suns of the universe, which know your origins and trajectories, you will enter into communion with the Heights and with Divine Life because I, as your Master, and all the Hierarchies, have learned from humanity, from its errors and successes, from its triumphs, but also from its failures.

But today, may your spirits rise through this Center of Love, which is so silent and hidden, so mysterious and unknown, which will only be revealed to the pure of heart, to the pure of intention, to those who do not want anything else for themselves, to those who aspire to live the void and

surrender to God, Our Creator.

This is where the Suns of the Hierarchies will deposit their treasures in trust and faith. It is within the heart of each being who surrenders to God and to His Plan that His Work will be able to be reflected and mirrored on Earth in these critical times.

How infinite is the wealth of the inner life of this universe! How vast are its dimensions and planes, and all its existence!

Therefore, look at your beings today as spirits, rather than just as human beings. It is this spirit in each being, created by the Solar Consciousnesses, that will give you the strength of perfection and transformation, of peace and the conviction of serving God despite everything, at every moment of life and throughout time; because, in this way, a part of humanity is being prepared by Our Solar Consciousnesses to awaken the new code of God, the one that was thought of by the Eternal Father in your origin, before everything existed, before everything was life in matter and in the universe.

Now, companions, you can see and contemplate that life does not end here.

What is the dimension of your inner universe?

How much can your inner universe offer to the Eternal Father in this time?

It is not in that which is great that you will attain perfection but rather in that which is small, in that which is the simplest, in everything that is done out of love. This is what makes the consciousness evolve and awaken, without ambitions, without flaunting, without expectations.

Imagine if the Son of God had wanted all power for Himself; He could not have been the Christ. For this reason, from the first moment, the powerful Spirit of God, through the incarnation of His Son on Earth, was born in a humble manger, preached, healed and brought all those who needed Him close to His Heart. I was just one more among so many, although I knew that God had sent Me on a mission.

This is how God sends you to Earth, after many experiences, to live a mission and fulfill an irrefutable Will, a Will that cannot be erased or disappear from the consciousness although it may seem it can.

Your lives must be a pencil in the Hands of God in this time. Will you allow Him to write? Will you allow Him to decide the destiny and the path?

Many are the treasures that are still kept in the universe and in inner life. This Center of Love, which gathers and congregates you today, offers to you this sacred and blessed, sacrificed and silent opportunity.

The life of the spirit is the balm of simplicity, the life of the spirit is the balm of humility, the life of the spirit is the balm of inner divestment; because those who wish to be free from themselves forever, may they renounce, and then, through their lives, God in His Wisdom will be able to write the future and what is to come.

After the last year when I was here with you, only now can I tell you that I Am fulfilling what I had foreseen, until now I had not been able to for other circumstances.

I feel joy and bliss for the effort of the brave, of those who persist in faith, and those who do not step back despite everything. Because God shows His Fortitude in those who respond and say yes to Him at each moment and stage of life. God blesses, with His Light, those who persist and those who truly strive, without anything in return, without conditions or forms.

A Spiritual Light is born again today through this Center of Love, which congregates and unites you. Today you will not understand it but you will indeed know it as time goes by. It is this Sacred Light that will radiate upon you, as from this cycle, to prepare the New Humanity and the New Time before My physical Return to the world.

Do not forget this and keep it in mind, because at the hardest moment of humanity, you will need it as a strength of faith and effort in your lives, as My apostles, as servants of the Plan, as collaborators of this Work of Love, which belongs to Christ alone, and through Christ, belongs to all souls.

Today, the Sun of My Heart expands and becomes illuminated to encourage you to move on, to achieve and concretize the projects of the Hierarchy in this place and others. Because I will count on those who are truly with Me, regardless of their imperfection or the moment of their lives.

Thus, receive My Spiritual Anointing so that, once initiated by My Spirit, you may begin this new stage with joy and bliss, with the absolute certainty of responding to My Merciful Heart.

May the Spirit, which unites the Most Holy Trinity, bless and renew you, inside and outside.

The steps of the disciples are now marked and assigned, it is enough to take them in order to live and fulfill them as My Eternal Father determines.

May the sun of the heart be ignited in you so that love and peace may radiate to the world, to your families and brothers and sisters, so that there may no longer be conflict or division but rather unity and brotherhood, a spirit of cooperation and collaboration among your fellow beings.

Just as I taught My first apostles in that time, in the same way I teach you today; because Love is the first rule, and it will never change. Happy will be those who live of the Love that I impart to the world and especially to souls and to this place today, which I cherish so much.

May Argentina fulfill its spiritual mission so that its people may prepare My Return in the hearts of the simple and those who are free from themselves.

Just as Peter and My apostles saw the Lord come, walking upon the waters in the Sea of Galilee, in the same way, I hope you can recognize Me in My Return; for I will not come as a King but rather as a humble worker and servant of the Father, just as I was when came to this world, preaching and healing souls.

May the advent of the New Time be fulfilled now and always. Amen.

I thank you for being here by My side, in simplicity of heart and life. This is how I feel you at each moment.

In the name of the Father, the Son and the Holy Spirit. Amen.

In the name of the Father, the Son and the Holy Spirit. Amen.

In the name of the Father, the Son and the Holy Spirit. Amen.
