APPARITION OF THE VIRGIN MARY IN SALTA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS DURING THE VIGIL OF PRAYER

Friar Elías del Sagrado Corazón de Jesús:

At Our Lady's request we will listen to the Hail Mary in Quechua and the Lady also said that She will pray in Quechua.

Our Lady says we can begin.

Prayer: Hail Mary in Quechua (twice).

I thank you for responding to My call!

All peoples of the true origin are in My Immaculate Heart.

Praise Christ, My children!

In the name of the Father, the Son and the Holy Spirit. Amen.

Song: Ave Luminosa.

Mother María Shimani de Montserrat:

We are going to share some indications that Our Lady has given us and then we are going to make some comments.

Friar Elias del Sagrado Corazón de Jesús:

Today, we felt that the Divine Mother came in a different way and She explained to us what was the reason for coming in a different way.

She appeared today as the Queen of Peace, like yesterday, and She told us that today She was not coming specifically to transmit a Message to us, because the Father considered, at this moment, that She had already told us enough, that She had already transmitted many instructions yesterday and today.

At that moment, the Mother begins to dialogue with us through some questions and answers that She was transmitting to us.

One of the questions we asked the Divine Mother was about the Via Crucis. She explained and transmitted to us, that, in the same way that She had asked us to do some spiritual exercises such as fasting, now She was asking us to practice the Via Crucis.

Our Lady explained the purpose of our living the Via Crucis. She told us: "I want you to be able to meet My Son in the Via Crucis."

She also told us that the Via Crucis was an important exercise in these times, because not only through this exercise would we work on our redemption, but also on the redemption of our families and other consciousnesses.

She told us: "On the Via Crucis you are going to find humanity, because My Son suffered and endured for humanity."

She also told us: "In the different passages of the Via Crucis you will find humanity present and also many keys."

Something that our Mother added was the following: "If My Son had not lived His Passion, you would not be here today and I also mean that you would not be able to have at this moment, for example, the presence of the Peace of the Lord. But this is now possible because the Via Crucis marked many steps for the world."

She explained to us that, from what happened in the Passion of Jesus, this had also reached many generations.

When She lovingly referred to the exercise of the Via Crucis, She asked us to concentrate our being, our heart on the facts and the passages, because there are many, many keys, many attributes for us there.

I remembered an important point of the Apparition: when Our Lady asked a sister to pray in Quechua, we heard our Mother praying the Our Father in Quechua. She said to me, at that moment: "Wait for the sister to pray in Quechua and you will see what will happen."

When the sister prayed the second Hail Mary in Quechua, Our Mother opened Her Arms and showed us something that was under Her Mantle and beyond Her Mantle. Under Her Mantle and to the right and left of Our Lady were many Indigenous children from different cultures and places of the world.

She began to call other consciousnesses and they were all gathered, many peoples of different cultures appeared; smiling and looking towards us, She said: "They are in Heaven."

Mother María Shimani de Montserrat:

Our Mother also asked the pilgrims who share this task with us today, that we could organize a vigil in this house, in these days that we are going to be here, because She needs to rescue some souls that are here, in this region of Salta. So, afterwards we are going to organize this vigil.

And on Tuesdays, when we hold the vigil with the prayer groups, praying the Rosary, the Mother asked us for permission to do this task in the house of the sister who prayed in Quechua. So, let us see if she gives us permission.

She told us that She wants to go there so that we can all pray together and, we do not know why, but She saw something in that place.

Thank you all very much, we are going to say goodbye singing.

Song: "Divine Mother."

Thank you, Mother, for all that You give us!
