**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

The Queen of Peace wants to make you live and find peace, so necessary for the life of all My children in the world. With the jubilation of Peace in My Maternal Heart, dear children, I invite you to pray so that the Peace of the Infinite and Merciful Father may be able to come to all the hearts that are most distant from Him.

My children, today I talk to you again about Peace because it is something essential that many creatures lack, and this lack of peace comes from the absence of the life of prayer. In this way, My Heart comes again to the world to heal and forgive the pains of all My children, pains that do not allow them to begin to live the life of prayer.

Many of My children know the consecrated life and the nourishment that prayer provides to each spirit. Therefore, dear children, the faithful service of all the devotees of My Immaculate Heart will be to pray for and to help all those who, absorbed by this world, lose the Light of the path, the Presence of God in life.

It is important that your consciousnesses face the events of the world in a loving attitude of prayer. My dear children, it is the great heart of all humanity that must place life before the Love of God so that His Merciful Love and the Holy Spirit may help you, as little creatures, to walk towards Eternal Peace.

And after here, after this world that must live the conversion of the heart, you, as souls of God must come in deep prayer to the promised Kingdom: the Kingdom of the Heavens.

Open the Source of Love that My Son has left to each one of you, a source that must be sought within the heart.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
