**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

I will be in your heart when you allow Me to live in it. I will be your Blessed Mother when in trust you walk through My garden of roses.

I promise many Graces to the hearts when they are in absolute faith.

The conversion of life begins with the giving of the heart and the spirit. This allows you to discover silence to then find the new and the good that comes from the Lord.

Whoever waits in faith, resumes the path towards the Heavens because the spirit that prays to the Creator Father finds the favorite refuge within the Heart of My Son.

It is time to open the ears to hear the call that God sends you through the presence of My Maternal Heart.

Dear children, today I ask you to make your hearts become like pure water and to convert them so that they may be as beautiful as the nature created by God, the Source of Love and Compassion.

Be responsive to the requests of praying for the conversion of this humanity so that the Kingdom of Grace may permeate all hearts. It is time to repair the heart and the life of many of My children who, remaining distant from God, are deviated from the path of the aspiration to find the Redeeming Kingdom of Christ, the path of salvation.

Dear children, My voice will not tire of saying that you must change before the time that will come for the world; that you must confess daily with My Son and that you must fulfill the act of reconciliation through the Sacred Communion with His Heart of Peace. If you could have these exercises as fundamental, the world would be able to reach some more time of peace.

You must have each one of these acts as something precious and practice them in the name of all those children who do not do so.

I thank you for your response!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
