NINETEENTH SPECIAL APPARITION OF THE VIRGIN MARY ON THE HILL OF APPARITIONS, AT THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, AT 12:00, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Mother María Shimani de Montserrat:

During the prayer, after a hundred beads, the Divine Mother appeared and left us a task to be done now, at midday, which was to read and study chapter 3 from the Book of the Apocalypse by Saint John, and she would also wait for us at 7 pm on the Hill of Apparitions.

As all of us noticed, at a certain moment of the task, a very strong and important unity was generated, which created a condition through which many souls were able to ignite, many souls were able to be rescued.

We have started to mature; I believe that all of us can perceive how day after day the group is maturing in this process of prayer, and it is something that every day, we must go up a notch, so this task will be more effective each day.

Before we leave, we are going to read chapter 3 which our Divine Mother requested.

Chapter 3 from the Book of the Apocalypse is read and it is mentioned that, in Aurora, the Divine Mother had already requested that chapters 5 and 12 be studied; a few days ago, in Figueira, She had also requested the reading of chapter 8.

You know that the message of the Book of the Apocalypse tries to convey to the different churches, the different religions, the different spiritual movements, everything that is good about them and everything that is not good about them, everything in which they can affirm themselves and everything in which, in some way, human beings are hypocritical before God.

What is warned in each one of these readings is an alert to all religious movements, to all spiritual movements, so they can be truthful, and when the "winner" is mentioned, it is not about the one who overcomes another, it is about the one who overcomes themselves. This is the one who will be close to God, those who can overcome themselves and can be transparent and truthful.

Probably all this movement which we are experiencing, and that is also being experienced in other places on the planet, will put all religions on alert, which is a task that is a bit like the one that the Divine Mother is carrying out at this moment: put us before God so we can be truthful.

So what She is trying to say through the study of these chapters is that the Apocalypse is what we are experiencing at this moment, and we knew the Apocalypse would be prior to the great day of Armageddon, in which all tribulation will be manifested and we will all go through our examinations.

We are here with the Grace of being together and learning how to be united, and knowing exactly which is the correct path to be safe.
