**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear faithful devotees of My Immaculate Heart,

Today I invite you to remain in the exercise of the fraternity of the heart, because in this way your lives will awaken charity for the others.

With this teaching of today, I want to invite you to exercise this act of love so that the world may learn to love Christ through each sister and brother. Humanity still must live many schools and lessons of humility. Love, whose essence is fading away in humanity, must emerge through the inner devotion of all the praying hearts.

My children, it is time to act with all the love of your hearts so that a great number of children may see in you a true example of unity and brotherhood with the One and Only.

Your own lives can express flashes of peace and Light. For this the exercise of the persevering and constant prayer will lead you to the direct encounter with My Son, the Redeemer.

Each new day a new school of prayer arises that you are invited to live and to imitate for love of My Son and for the salvation of many hearts.

Dear children, today I leave you this key of fraternity, the same one that Jesus propagated upon the Earth through the emanation of His Love, His Healing and His Compassion for the weakest ones.

Know then, dear children, that in the world there are souls that suffer and that need those who are stronger in the prayer of the heart to be able to find the path of redemption.

The daily prayer of all My children and all the groups of prayer will allow Grace to be poured over the world of today.

I thank you!

Mary, Mother of the Divine Conception of the Trinity
