**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

Today I call you to prepare again and with joy My merciful arrival in the city of São Paulo. You, My children, can help Me in this mission of peace through the sincere act of prayer.

I want you to be more open so that, as instruments of My Maternal Light, My Immaculate Heart may reach spaces of this city that need much compassion and love. Still, dear children, few are the servers of Christ that, looking around themselves, can clearly see how much prayer is necessary for their poor and sick fellow humans.

Therefore, dear children, as praying souls that will receive once again the Grace of My visit, I ask you to prepare your hearts in prayer and, in this exercise, raise your hands to plead to God for the Grace of Conversion of many of My children in Brazil.

I love with fondness this nation that welcomed Me as the Only Mother for all. But still, a little bit more effort, love and dedication are necessary for the ones who are in most need and for those who are most distant from God.

You know that there are infinite ways of being a server of Christ. Today I invite you to be constant guardians of prayer so that it may never lack in your homes. The times that will come and that were described to My daughter Lúcia of Fatima are close. But all will depend on the attitude of souls before the simple life of prayer that I ask you to live as something primordial.

Your hearts are already enveloped by My Maternal Joy for visiting you once more in this needy city of São Paulo. May this visit be a new reason for you to meet the One and Only King of Life, of Truth and of the New Paths: My Son Jesus, the High Priest.

I thank you for the response from all!

Mary, Mother of the Divine Conception of the Trinity
