TENTH SPECIAL APPARITION OF THE VIRGIN MARY ON THE HILL OF APPARITIONS, MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, AT 12:00 p.m., TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The group gathered to begin the work of prayer, however at the appointed time, many people were still arriving.

Mother Shimani called for everyone's attention to reflect about it.

Mother María Shimani de Montserrat:

We have asked that everyone be seated here by 11:30 a.m. because we have noticed that people do not arrive early, but rather at the last minute, only to receive Her. We need to be more conscious, at this time, we should all be seated starting our deep prayer, and not arrive at last minute only to receive from Mary. We need to activate this principle in our consciousness. We ask everyone for an effort in the consciousness, we need to give of ourselves, we need to pray, this is the task we must undertake with Her. That is why we, who are already present, will start our work of prayer, deepening even more into our prayer verb, so that each day we may be more available and know that in these days we do not have anything more important than to live this preparation intensely.

The work of prayer begins. After ten minutes of prayer, Friar Elías transmits what he has perceived to Mother Shimani.

Mother María Shimani de Montserrat:

An angel has approached and said that our devotion is very weak and that we have to remember what we have received, that we have to remember the good moments, the intense moments of inner fire, which is necessary to avoid falling into a mechanical way of praying.

So, let us pray with more love, let us pray with more devotion, with that inner attitude of true surrender to our Mother. Let us say some beads of the Luminous Bird and then we will return to the Universal Mother prayer.

The whole group continues to pray.

At a certain moment, Hail Mary is sung, and during the song, Friar Elías transmits to Mother María Shimani and Trigueirinho the requests of the Divine Mother.

Silence is requested and Mother Shimani shares what has happened with those present.

Mother María Shimani de Montserrat:

The Mother has transmitted a few words that we are going to share.

She said that, just as last night, we should prepare ourselves for tonight, when She will offer us a great impulse and speak to us.

She said that there are some moments in which certain internal and external situations, such as the heat, prevent Her from getting too close to us. Also that there are some people or consciousnesses that still do not understand what is happening.

For this reason, She asked that tomorrow at 10 a.m., Trigueirinho and Mother Shimani give a lecture to explain more fully what is happening, so the consciousness may open further and She may get closer to everyone.

We will hold the study session in F2 tomorrow, Friday, at 10 a.m., to which everyone is invited. The aim is to explain, in greater depth, what is happening so that those doubts, those misunderstandings that might exist may be dissolved and consciousnesses may open more fully and better.

She also said that in this study, we should try to clarify that She is a Divine Presence and that we must be more mindful of the questions we ask Her, so that Her answers may benefit everyone.

The idea is that we should not ask questions that merely address worldly or material matters. She is a Celestial Hierarchy and just as She loves us and fulfills us by being here with us, we must learn to glorify Her and place within Her Heart spiritual matters, not material matters.

She said that tonight Her apparition will be as intense as last night's, and that She will share some important things with us.

As planned, tonight we end a cycle and another one starts, which will last until the 25th. She said that She will be with us every night from the 16th to the 25th and every other day at noon.

Tomorrow She will not be here at noon, therefore, let us take advantage of the morning to get together and share the study.

On the odd-numbered days, She will be with us at noon and every night until the 25th. This will allow us some time to reflect.

Trigueirinho and Mother Shimani will try to clarify the scope of what we have been experiencing so that we may dissolve our resistances, doubts and what we do not understand.

She spoke to us about our mission as an Order in Africa, which will start in December. She warned us about the need to strengthen ourselves internally for the task we will carry out there. She talked about unity, about what She is doing here and what She is doing in Medjugorje.

She asked us to prepare ourselves internally so that tonight She may speak to us and pour out Her energy upon us.

She hopes we will pray a lot because she has already rescued more than two million souls through our prayer.

May we continue this impulse with Her, which is greatly needed.

May we come with joy and devotion, because we are being greatly assisted.

Now, to end, let us sing this simple song that we have learned for Mary. Let us sing it with love and devotion, as if we were simply children.

"The Woman who guides us" is sung.
