DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

I want you to celebrate on this Saturday the supper with My Son, Jesus. Remember that Saturdays are days of special reparation and Grace for all those children that, united to Christ, commune with Him in His Heart and His Divine Spirit.

The day of Saturday helps you to meditate on the mystery of communion that My Son instituted in the Last Supper. This precious act that Jesus performed with the apostles allowed the great liberation of humanity in the sacrifice of the crucifixion of Jesus. The whole passion that Jesus lived invites you, during the day of Saturday, to contemplate the acts as sacred and as the beginning of the victory of the Kingdom of God on Earth, through the Merciful Love of Jesus.

With this, dear children, today I invite you to keep in your hearts the fact that the day of Saturday, with fasting and prayer in community, will be able to detain irreparable worldwide effects with the simple act of giving oneself to God, for love of those who still do not give themselves, do not love Him and do not adore Him.

Over the course of time, all this exercise will demand more effort from you. Therefore your hearts must be in constant prayer, to be able to comply with My call.

My children, know that the children of Fatima cultivated purity and surrender by being very innocent. Today I only ask you to remember the inner child that each one of you holds in the heart, which will allow you to take the steps towards the Light of the Creator.

May the days of Saturday be like a feast of Mercy for your hearts. Even though not all are able to fulfill My requests, remember the importance of this day of the week; this alone will help in the conversion of the world.

May you find in Jesus the joy of serving God, the Love.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
