**APPARITION OF THE VIRGIN MARY IN CUIABÁ, MATO GROSSO, BRAZIL, TO THE VISIONARIES
FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS AND SISTER LUCÍA DE JESÚS**

The Apparition of the Virgin Mary was silent, and at the end, the visionaries reported what happened and what Our Lady conveyed.

Friar Elías del Sagrado Corazón de Jesús:

Today, Mary, Our Lady, came as the Queen of Peace and then She manifested as the Immaculate Conception. She came surrounded by angels who came to work here in Cuiabá.

Our Lady appeared very serene, calm and observant.

We asked Our Lady the reason for bringing us here, to Mato Grosso. She said that as the Universal Mother, she contemplates the needs of the entire planet and of humanity, She was passing through here and found a great need.

Thus, She asked us to come here and tell you that She comes to Cuiabá to awaken new instruments.

She also said that more serious things are happening in other parts of the planet, such as in Iraq and the Middle East. For this reason, she comes to awaken you to the work of prayer.

She found a deeply asleep city in Cuiabá and, as she loves us deeply and knows us, She needs to come to awaken us to the Call of God. She also said this is the only opportunity that you have to respond to the call of Our Lady and to help the Plan of God so that it may be fulfilled on Earth. But at the same time, Our Lady contemplated the needs of everyone and those of the families, and radiated Her Graces to all.

Our Lady appeared with Her Arms open and Her Hands extended towards us. A very intense blue light emerged from Her Hands. We asked Our Lady what that symbol meant, and She said: "Dear children, My Hands are so full of Graces, but I cannot pour Them upon the world because I need awakened children, active instruments of the Plan of God so that they can receive these Graces that I bring from Heaven. I should not keep these Graces in My Hands, but I have to wait for My children to awaken so that they may be participants of them."

Then, Our Lady kept those Graces in Her Hands waiting for you to awaken and become worthy and deserving of them.

Our Lady wishes to awaken our higher consciousness, what She calls inner spirit, which we do not know or notice in our daily lives, according to what She said. And that spirit each one of us carries, which was something that God placed within us, She needs it to be able to fulfill the Plan of Peace.

She asks us to make a little more effort for those who do not make an effort, because we are one single humanity and we live on the same planet, which is at the point of collapsing, and we must do

something consciously and actively.

Our Lady needs us to be missionaries of prayer and to pay less attention to the things of life that surrounds us, so that we may see the importance of the Call of God at this time.

Because Our Lady also said that She counts on our small steps, and it is through our small steps that She will be able to fulfill what She comes to do on Earth at this time.

She needs a conscious maturity in us and said that She counts on all of our prayers in these times.

At the end of the Apparition, She greeted us by making the sign of the Holy Cross and said: "Go in peace, dear children, go in peace."

Sister Lucía de Jesús:

Shortly before Our Lady appeared, we saw a crown of light over the planet, a golden crown that seemed to be larger than the planet itself.

And when Our Lady was descending to the world and the portals were opening from Heaven to here, the angels started to bring this crown. As they got closer, this crown was getting smaller. Some angels were bringing the crown in their hands and others were putting flowers along the path of Our Lady.

And as the Friar said, She came as the Queen of Peace, with great serenity. We asked Her what the crown which the angels were carrying meant, and She said that today would be a very important day for the world, that at some point we would understand why, since Her Kingdom was being extended beyond this city, over the entire nation.

We asked Our Lady if She had something to tell the people of this city, and She started to show us the needs of the world and said:

"Do you see how many needs there are on this planet? I want you to pray to relieve the Heart of God. I want to enter this planet and each heart that dwells in it. I wish to enter your homes and every one of your lives, to transform you into soldiers of My army of Peace."

And leaving this invitation, Our Lady asked us to prepare ourselves for tomorrow and, in our hearts, to deepen the Words she transmitted to us today.

Madre María Shimani de Montserrat:

Tomorrow we will make some comments about what our Lady said today. We will share them with everyone present because it will be very important.

We will see what it means to be asleep and what it means to be awake; what it means to be an instrument of Our Lady; why and for what purpose Our Lady needs awakened instruments, with their higher consciousness awakened; what it means to be a soldier of Mary and what the power of prayer is.

All those who feel true interest in knowing what this is about and wish to listen to the Words of Our Lady, come tomorrow and bring those who feel they need the Love of Our Lady, who need Her comfort, who need an opportunity.

So, tomorrow we will begin by talking about all these things, because Our Lady wants us to be more aware, above all, in this time when things are so hard on this planet.

We need to understand that our planet needs a lot of prayer, which is what can dissolve what is destined for this humanity. If this humanity does not turn a key, a key that makes it more conscious and learn that, through prayer, it can change this destiny that is not very good, and be able to have a new opportunity, the same opportunity that we had when Christ came for the first time.

We invite you to accompany us tomorrow to pray the Rosary; we will lift these prayers to Heaven and tell Our Father God that yes, we are willing to be His instruments.

Thank you so much for having accompanied us.

Let us sing a song to bid farewell and we will be waiting for you tomorrow.

Song: "Hail Mary"

Thank You, Mother, for all that You give us!
