**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

Praised be Jesus in your hearts for all eternity!

Today I invite you to contemplate in gratitude the Sacred Heart of My Son, because He will give you the necessary strength to convert your hearts into precious instruments of love and truth.

Therefore, dear children, always keep in your hearts and in your lives a moment of prayer, to talk to the Almighty God. Thus your souls will be able to be partakers of the Mercy of the Redeemer.

Today My arms of piety are extended and radiate My Light of Love to you in the depth of your spirits. So that this may continue to happen, My children, you must live the sincere and true act of the prayer of the heart, because in this way you will discover how the spirit of the prayer of the heart will help you to forgive and to reconcile your own hearts with God and, especially, among your dearest ones, your family members, relatives, friends and other souls known to you.

Therefore, My little ones, it is time to live the act of the prayer of reconciliation so that all My children can be partakers of the promises of Christ.

The commitment of your little hearts that are on this Earth is to vigil in prayer, vigil for those who do not vigil and for those who distract themselves with the modernities of this world.

In this way, My little children, your hearts will be as the hearts of My cherubim angels that vigil in the essence of love for all those who, day by day, easily distance themselves from God, the Creator.

Therefore, in the end of these times the task of the groups consecrated to My Immaculate Heart will be to vigil, in constant prayer, because in this way the strength of My children will be the Word of Love, guided by the Holy Spirit.

I thank you, My children!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
