**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS???**

Dear companions,

Today I want tell you that, as the consciousnesses open themselves to live wider degrees of spiritual maturity, God makes known world truths that transcend the physical barbarities that humanity lives in the world.

The great sorrow of God is the suffering of souls that die day by day submersed in the incomprehension and, thus, are not able to leave the states of consciousness that are hells created by chaos and by evil.

You are being called in this moment to be true companions of God and of His Son and, in this way, to share with Him His sorrows and not remain in the stinginess of the your daily lives.

God calls you to maturity, and when His Son leads you to know His constant agony, caused by the world, it is so that, in this way, you may walk fast towards the forgetfulness of self and recognize that exists a Higher Plan, which manifestation depends on the awakening and on the maturing of those who have committed themselves to the Creator in the beginning.

This moment that you live is marking the time of coming out of yourselves and assuming the planetary task that is due to you as a group.

The Lord is making known realities that many are not prepared to face because evil precipitates itself in the world and progresses each time more, making the souls lose faith and hope and enabling the essences to be completely extinguished.

An essence that is extinguished and disintegrated, My beloved ones, is like a part of God that ceases to exist. Remember that each essence created by Him is a living part of His Divine Consciousness sent to the manifested Creation to fulfill a mission.

Now I ask you to accept this offer that has been delivered to you as a grace to serve God consciously and to no longer lose yourselves in trivial problems of your lives, but let yourselves be transformed and molded by the ray of the divine humility and unite in prayer to the Father for the salvation of the planet.

Each step that you take towards Light is a step of the whole humanity towards a new time.

Mature from the heart and in consciousness, since there is no more time to lose with yourselves anymore.

I love you and lead you to new planetary cycle.

Saint Joseph, the Eternal Servant of God
