APPARITION OF THE VIRGIN MARY AT THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARIES FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS AND SISTER LUCÍA DE JESÚS

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

Dear children,

With your hearts I will build My basket of Light to carry your intentions to God.

Dear children, with the holy rosary in My Hands, I join each one of your hands so that, together, we remain firmly in prayer.

Dear children, do not fear being purified, rather fear not being able to be purified.

God sends you His Rays to support you and aid you in this redemption which you must go through today until you reach Him.

Dear children, due to the lack of prayer, the world forgets the importance of experiencing fasting, and thus, does not purify itself. What I need, dear children, is that you offer to God that which you can in truth give Me.

Beloved children, do not forget that I Am your Little Mother, Who accompanies you day after day, barefoot of everything, trying to remove the shoes of the past from My children so that you may be reborn as new spirits through prayer and the consecration of your souls to God.

Dear children, how many Graces are held in My Heart! My Heart is full of Graces, that It is waiting to pour out upon Its children. For this, dear children, you must open your hearts.

When will you give Me your sorrows so I may truly help you in peace?

Dear children, after six years, I am still here with you, waiting for more little souls of Mine to be able to wake up through the fortitude of your groups of prayer.

Today I also bring you something important, dear children, which I have poured out as a Grace: the spiritual water of Massabielle, that Fount which I opened in Lourdes. A Non-material Fount of healing that physically emerges from that place and expands like a beam of Light through all the hearts which attune to it through prayer.

I did not want to show something so important in Lourdes, only the Fount of My Grace, which is a physical Fount in the universe. A spring that never runs dry, which God granted Me through My Heart, since My Assumption into the Heavens.

Dear children, little children, as a Mother, I cannot keep My Graces to Myself. I Am your Mediator, accept My intercession in light of the suffering of souls in the world.

Dear children, extend your hands to Me so I may unite you with God, leading you to a true encounter with My Son.

You know, dear children, that I pray perpetually for this world, and through My prayer, I also want to wash your wounds.

Dear children, My Grace releases your anguish, brings joy and peace to your hearts, to your families. I want to be the main axis of your lives.

Dear children, My Paths open through My steps and on those Paths I want to place the sheep of My Son, so you may follow the Path of Light and not get lost.

Dear children, throughout all these months of fasting and of prayer, great souls, souls of the whole world, received great Graces for their offering and giving of self. And through that very important Grace, I was able to aid My children, in the silence and in prayer, and God has allowed you to enter Heaven.

Dear children, know that through this all are one, as My Heart is One with the Heart of My Son.

Dear children, understand this moment you are living through My Maternal Grace.

Empty your hearts of all doubt and ignite your faith, do not allow it to go out in this time. However, it is necessary, My little children, that the faith be one among all, that it be a single flame in the groups of prayer so that other flames may be lit; other divine fires, in many hearts, have come to their time for praying with the heart.

Dear children, I want to be very close to you with My Grace. Today, I would like all of you to see Me with your heart, that you feel My Maternal Spirit among you. Because today, beloved children, I am not speaking only to you, but to a single humanity, which must return to God's Project.

My children, the good times will come, but first you must make up for your mistakes before the Most High God, and this will be through prayer.

I want this prayer, which you live day after day, to be your first nourishment of the day; like when you fast, that it be the first offering of the day.

Dear children, the world can change if there are good attitudes, pure feelings, unbreakable love that can be radiated to all, to those near you, to whomever crosses your path. In this way, you will heal the hearts of all and it will not be necessary to go through so much purification, because I am here to intercede for you.

Today, My Heart illumines these intentions you have given Me; I already know them from before, dear children.

However, I also want to tell you, beloved children, that God has greater intentions than yours. For this reason, unite with the intentions of God, unite your heart to the Heart of God, for in this way, you will be able to quickly gain relief and also bring relief to the Heart of God.

Dear children, this is the reason for the existence of the Marian Centers, so that My Maternal Presence may be present all the time.

On the days without Apparitions, when I am not with you, I am present in the silence. I am present in your hearts, when each soul arrives at the Marian Center to carry out a true prayer of the heart and once again cleanse their spirit of all stain.

Dear children, remain within this Fount of Massabielle, this spring of non-material Grace that, from the universe, today unites Massabielle with Aurora.

In this way, you will be able to recognize My Omnipresence, the Omnipresent Love of the Universal Mother Who wants to be close to Her children all the time.

Do not worry, dear children, accept living the transformations of these times. The Lord has a need for free hearts to carry out His works.

This is My aspiration for you: may your hearts also become sacred hearts.

Sister Lucía de Jesús transmits the Words of the Virgin Mary:

My children, in this hour when I lift up your intentions to the Kingdom of the Heavens, I also lift up the intentions of My children who live in the world, souls that know real suffering, that are in places far from your hearts.

For this reason, I ask that, at this time, with the same fervor and the same faith that you placed your intentions at My Feet, you lift up the intentions of your brothers and sisters of the world, so that My Grace is able to reach each heart; because today I want to leave a sign for you, a sign of unity, teaching your hearts to live this divine attribute.

Today I want to teach you to not only think about yourselves, but that you pray for the world, that you offer your miseries, difficulties and sorrows, in the name of all those who are living this same situation.

Today, My Heart brings a blessed water to purify all the hearts of the world. I only need My children who are present here today, who made themselves available to respond to My call, to make a sincere offering, opening the doors of your hearts to thus open the door of the one human heart, so this water may come and from the Source of the Universe, be poured out over the world.

Today, My children, let your hearts be intercessors together with Me, that your souls may be able to take another step and work with Me in a planetary mission, so that the transformation of each heart may be the transformation of the world.

Walk, My children. May each one take their steps so that, in this way, all may be able to take those same steps.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

Dear children, under My Mantle, as in this moment, the merciful universes are held.

I want you to know, through feeling and perpetual prayer, through the union with Me, these universes and galaxies that I know very well and bring you, at this time of revelations, those inexhaustible springs, those oceans of the universe that are present and exist to heal essences and all

the souls that have fallen before God.

Dear children, remember that on My right I will lift up those who are fallen and those who are on My left will raise the flag of Peace with Me, the victory of Jesus in His return.

For this reason, dear children, as an act of reparation and consecration, it is important that families carry out the "Act of Consecration to the Divine Heart of the Celestial Mother" at least once a week, so that My Heart will be present in the families weekly, and these families will receive My Light and My Guidance through the prayer of the heart.

When I say prayer of the heart, My children, it is because you must pay attention to praying with the heart, because the power of the prayer of the heart moves universes, the doors of the Heavens open and the universal oceans of Graces descend over the Earth, because they find channels through which this infinite river can pour out in order to reach the whole world.

Today, dear children, I invite you to know the power of universal prayer, one which united Jesus with God, the Most Holy Virgin Mary with the universe and with the angels.

For this purpose, dear children, now, in an attitude of Grace for this open spring which is born of My Immaculate Heart, I will consecrate a family that represents the families of the whole world; so that, through the prayer of this family which I will consecrate, I am able to help all the other families, mainly those who separate themselves from Me, the families who do not experience prayer, but rather conflict, the families that do not live the Eucharist because of not adoring My Son.

For this reason, it is important, dear children, that your homes also be consecrated to My Immaculate Heart, to the Queen of Heaven.

Remember, dear children, that your Little Mother will never fail you, because She will dry your tears and in My Arms, I will perpetually console you, holding you in the Mantle of Light of God drawn from My Love for you.

Friar Elías del Sagrado Corazón de Jesús:

Our Lady is asking for the bells to be rung, please; because this is an act of universal consecration.

Our Lady asks that we sing the flight of the Holy Spirit: "Luminous Bird."

Whoever can kneel, says Our Lady, may do so to do the prayer of consecration.

Song: "Luminous Bird."

Prayer: "[Act of Consecration to the Divine Heart of the Celestial Mother.](#)"

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

In the blessing of the Father, the Son, and the Holy Spirit, I thank you for responding to My call.

Thank you to the groups of Argentina, for preparing for My coming to Mendoza with so much love.

Go in peace.

Friar Elías del Sagrado Corazón de Jesús:

We want to briefly describe what today's Apparition was like to the brothers and sisters, because it was important.

Today, our Mother came as the Lady of Graces, She came very close to us and under Her there were two jars with water, which She told us was water from Massabielle, and which was water from a non-material Fount that She opened in that place, but that the origin of this Fount comes from the universe.

She was explaining to us that it is a channel of Light She opened over Lourdes, and just as She opened that channel of Light over Lourdes, She opens different channels at the Marian Centers.

A very important detail which we considered was a revelation She made today, revealing what was under Her Mantle. In no Apparition had She shown, until today, what was under Her Mantle.

When She spoke about the universe, under the Mantle of Our Mother, at Her right and Her left, there were different galaxies, we couldn't say the quantity, but there were many.

At one point, we perceived and saw that the whole universe was gathered through Her and that, as She told us today, Her Consciousness concentrates all the universal powers.

So today, with Our Mother, we saw a task She fulfills that is a bit unknown to us. And through this example of Her Mantle, She tried to have us understand what it is She wanted to tell us: She also represents a large part of the universe, and that She has represented it since She was Mary on the Earth. But that it was, according to what She was telling us, a silent task.

She told us that those universal powers were what allowed Her, throughout Her life on Earth, to communicate with the angels, to have a very fluid contact, a very close connection. That silent task She was carrying out allowed Her to support the task of Her Son.

Today, our Mother tried to explain that the task She carried out, on Earth, had and has a universal congruence, based on the task She performs today as Feminine Consciousness.

And when She brought these jars of water, She made a movement without thinking, allowing these jars to fall to the ground, where She was standing, which was on a cloud.

That water was multiplied, was an infinite current which flowed over us, as if it were the movement of a sea towards those present, a turquoise sea, which She said was the energy of Her Grace.

And when the water flowed through the room, it was cleansing our heart; She said that it was cleansing our stains, our spiritual stains, and according to what She was saying to us, we are not aware of our stains. But She said that, as Her Grace is infinite, it was not necessary that we know what our stains are like, but rather that we allow Her to heal us through Her Grace.
