MESSAGE OF THE VIRGIN MARY, TRANSMITTED DURING THE APPARITION AT THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Dear children,

My Maternal Heart comes today to your hearts to confirm and perpetuate My Divine Call. I need your little hearts to decide to be definitely open to receive My Love and the Mercy of My Son Jesus.

My dear ones, My Heart desires to strengthen you for the times to come. I want to create pillars that will open the doors to salvation and that carry My Peace, in spite of everything.

My children, today, just as the 13th, is a day of definition for your hearts, when your little beings must say yes to My maternal call, so that the power of prayer may keep alive and active within you each code of Light that My Heart has radiated to you throughout this time.

My children, in spite of the apparent distance from My Heart in this coming time, never forget that I accompany you in the silence, in the daily prayer that your hearts pray to My Heart. In that silence, find the reason to strengthen the faith and trust in My Heart every day of your lives.

I want to build fortresses of peace in My children, who will pour out this peace upon those who do not see Me, do not feel Me, and do not seek Me through prayer. Open your hearts, little children, so I may seal a perpetual union with your hearts, so I may place within each of you the faith that will sustain you.

I want to prepare you on this day, in the same way I will prepare you on the 13th, for the Blessed Christmas, which is the glorious coming of My Son Jesus to your hearts.

This Christmas, My dear ones, will be a reason for distraction for some. On that day, many souls miss the possibility of entering into My Kingdom because they choose to submerge themselves in the darkness. To balance this fact, My Heart desires to teach you the true glory of Christmas, when the Little Jesus is able to be born and be renewed in your hearts, in this way, initiating a cycle of growth and maturing of Christic Love for your souls.

On that day, I need you to be able to live My motherly instruction through an absolute faith in My Words and through the certainty that I do not only bring you symbols, but also great and real mysteries.

Are you ready, My dear ones, to re-experience that miracle, that great miracle that My Son Jesus lived, so that today many more of My children are able to experience it?

To those who are courageous and who are brave, I wait for you at the end of this journey, which is the entry into the Kingdom of the Lord.

On that glorious day, which all the angels of My Kingdom wait for with love, all the universe will unite in jubilation together with your hearts. And it is in this way, My dear ones, that you will know Eternity.

I thank you for following my Plans of Peace and for believing in the promises of My Heart.

I love you, just as My Son Jesus loves you.

Mary, Mother of the Divine Conception of the Trinity
