MESSAGE OF THE VIRGIN MARY, TRANSMITTED DURING THE APPARITION AT THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

While I still hold the world in My Arms, I am inviting you to consider a life of prayer, great steps your lives can take.

Dear children, as the Queen of Peace, I gather you all into My Heart so that you can live in the Heart of My Beloved Son.

Today, within you I leave My year of Merits and Graces which were granted through My intercession with God.

Dear children, I need you in the firmness and fortitude of prayer, and today I want you to share all the Love which was poured out over this holy and immaculate place.

If in reverence you accept this call, I will be able to continue guiding you towards the encounter with My Son.

Today, I need you to radiate the Peace granted to everybody through My Immaculate Heart.

Jesus accompanies you on this new path, a path which My Heart prepared so that you may find the Redeemer.

Today, within you I want to leave My Immaculate Love, especially within My children of Figueira, who have received Me in glory, love and joy.

Because of this special celebration with My Heart, today I invite you to prepare your beings so that you may receive Me once again next year.

Now My Heart withdraws into the Heavens, because the time has come for My children to manifest the Love I gave you in the name of Jesus.

The Lord thanks you for your faith in My Plans of Peace, because this means that many souls, thirsty for the Light of God, are finding the way to experience redemption in this time.

I am in need of your constant prayer in this place, because Heaven has opened a window to this place of prayer and contemplation.

I want to transform your lives into precious lives under the Presence of the Holy Spirit, because your hearts, day after day, must be bearers of My Grace and My Peace.

I tirelessly walk with you, I walk tirelessly in this world to awaken the Light of the Heart of God in all souls.

At this moment, I am listening to your hearts, which speak to Me and tell Me that you love Me all the time. With this, I want to reveal that your hearts are the true Temple of God, where My Son must have His dwelling place when He returns.

I want you to know that I wait for you day and night, watching from within the Inner Temple of My Immaculate Heart. For this reason, My children, do not tire of seeking the purity of your beings, because that Original Purity will allow you to ascend to the Heavens, to Paradise.

I am sharing with you My hope for a better world, full of the Mercy of God, because I want Divine Justice to repair all the causes activated through the errors of humanity.

Dear children, throughout this whole year, many have slowly awakened because of My Motherly Presence, and above all, because of the conscious constancy of your prayers.

I want you to know that there is still much to do, eternity is achieved through great efforts, efforts on the part of all My soldiers, who must be stars shining for peace.

I want you to hold on to My Peace in the depths of your beings, because when My Son returns, He will recognize it.

Thus, today I am on your paths, just as I am on those of many souls who are faithful to My call and who, in Me, find the bridge to salvation and redemption.

As Mother of the Light, I want you to live in My Light and not allow the enemy to extinguish the light in your beings.

Prayer will aid you in these times. My Heart will help you so that you may walk toward the Kingdom of My Son. The Merciful Jesus will save you because He loves you as part of God.

Radiating the Peace of My Kingdom, I guide you in this new cycle, a cycle of Mercy and purification.

Do not fear what will not happen. Open the doors of the Heavens, calling on Me in each moment, so I may come in Glory together with My Son, the Savior.

God frees you from your errors, because today, My Love interceded for all.

Hail, Star of Light of Figueira! Like a wise tree that allowed itself to blossom in hearts, so that the fruits of the talents and the gifts may illumine the paths of My children.

In your feet, beloved Figueira, are the roots of the origins of the Genesis of Creation, and on the heights of your crown, blossoming and resplendent, rests My Immaculate Heart today, revealing the victory of salvation to fallen hearts.

I name you as Star, dear Figueira, because the Most High God has brought about fruit in My children through the fruits of your instruction.

May peace, good and light become the new Figueiras, so that joined as one, they may radiate the Light of the Holy Spirit.

I fill you completely, I love you and I thank you.

The Most Holy Mary, Queen of Peace
