MESSAGE OF THE VIRGIN MARY, TRANSMITTED DURING THE SPECIAL APPARITION AT THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

You know how much I love you, because I need the best of your spirits so that I can share all your love in perfect union with My Son.

Children, I need to observe, from the heart, the Grace you are receiving. Before so much suffering in humanity, your hearts were comforted by Me, your souls were led by Me, and your consciences were illuminated by My Grace.

As the Lady of Peace, today I invite you to be in My heart in order to keep, deep in your beings, *My maternal precepts*, which I will now tell you what they are:

1. I love you above all things, more than your lives.
2. I adore you, more than your spirits.
3. I pour out My Grace upon you, despite the faults.
4. I contemplate all of you in My Heart, through the power of your prayer.
5. I unite you with My Son, for you to form a single flock.
6. I miss you, when you forget to pray with Me.
7. I illuminate you, even if you are far from God.
8. I look for you, to quench the thirst of My Son.
9. I call you to serve the Lord.
10. I forgive you and pick you up, even when you have fallen.
11. I know everything about you, because for Me your souls are crystalline.
12. I protect you, to free you from the danger of the enemy.

Dear children, I am with you every day and, in My maternal silence, I accompany you so that you may walk through safe places so that, at the end of your lives, you may reach the Heart of God.

My dear children, today I come, once again from Heaven, bringing in My Mantle the Mercy and Light of God.

I invite you to be humble, peaceful, and meek of heart. Most importantly, I call you to trust in Jesus Christ, your Savior, Who is already prepared to come to meet you.

Dear children, pray and watch with Me, for the enemy does not rest and wants to distract all My beloved hearts from humanity.

Therefore, My children, each Apparition of My Maternal Face before you brings heavenly merits to your lives, merits that I call seeds of Light, stars of Love that come from My Sacred Crown, to protect and guide My children who feel alone and sad.

Dear children, live in My Hope at this end of time. Open your eyes to the maternal Grace that I pour out upon you today with such fervor and Love.

I hear your prayers every day, and I hear them even more when you forgive those who have hurt you, when you love those who hate you, and when you live in My Peace, despite the conflicts and wars between hearts.

Today, I invite you to be beginners in My universal task; because you know, dear children, that you are already My soldiers, soldiers of My Peace and My Love.

I pray constantly for this world, and as the Messenger of God's Grace, I ask you to unite your hearts through the Love of My Son.

Before My coming, on this day, Jesus visited you to give you once again His seed of Mercy. Pray that it may sprout, righteously, toward God.

Pray to be more merciful, clean of heart and of all stain, because through My Original Purity today I reveal to your lives the Light of My Kingdom, of the Kingdom of God.

God wants to pour out His Love, but there are hearts that are still closed. Therefore, My children, I Am the Heavenly Key that, through the Hands of God, opens the doors of unjust hearts and of sincere hearts; for My Love is so profound that, if you only knew how much I love you, you would live in My joy and happiness.

I absolve you of all stain, by the power of the Love of Christ, your Lord.

Thank you for responding, in these times, to My call for peace in the world.

Mary, Queen of Peace and Light

Amen.

Friar Elías del Sagrado Corazón de Jesús:

Today, during the prayer process, we had a special visit from Christ, Who came descending from the heavens in the form of clouds and light, then He manifested as the Merciful Christ. And the image that emerged of Him was very similar to the first painting that Sister Faustina requested in her time. He confirmed that this was a true image, that something of Him was hidden deep within it.

Without us knowing what to do, He asked us to approach the stage with Sister Lucia and then asked us to pray the prayer to His Blood and Water.

When we began to pray, we saw the two Rays pouring out from the Heart of Christ. The Blood and Water were poured out upon this place, and a great process of liberation was harmoniously taking place.

He opened His Hands downward, also radiating the Rays of His Heart. At that moment, four Rays emerged, one from each Hand, and two from the Heart. When He made that movement, a great archangel of Light appeared behind Him, and many angels began to appear very quickly.

Suddenly, they began to emit a series of rays of Light, with bows and arrows, toward us, which turned into crystals. To better understand, from behind Christ, showers of small crystals came toward us, which mainly entered our hearts. So much Light entered that it mobilized our cells, performing the task of cleansing many internal things.

When the Master opened His Arms, He irradiated the four Rays, and three words were drawn in His Being. Under His Feet appeared the word Order; on the Ray that emerged from the right side, the word Grace appeared, and on the Ray on the left side, the word Mercy. He left that symbol present in this space for a long time.

Afterward, He revealed to us some internal situations for the Grace Mercy Order, a secret that He finally revealed through the Presence of Our Lady here.

When Our Lady appeared, She said, "Did you like My Son's visit?" We didn't know what to say, we were so overjoyed.

Then, Our Lady arrived as the Queen of Peace.

She told us today: "I will always come after My Son. I will intercede for you before My Son."

Today, She especially manifested the Crown of Twelve Stars. She radiated so much Love that it moved us within. It seemed as if we had all been introduced into Her Kingdom for a short time.

Also, Our Lady opened Her Arms to pour out Light upon this place, and She reminded us of the importance of the Grace that brings Her here to this part of humanity, in this time.
