Just like in these last few days, a significant group of people gathered to pray and sing to wait for the Message of the Divine Mother.

Shortly before the time scheduled by Her, nature began to manifest a different movement, and when the first rays of the sun touched the crown of the Tree, Friar Elías stood up and approached where Our Mother had appeared.

After a few minutes, silence was requested and all attentively listened to the account of what had happened.

Friar Elías del Sagrado Corazón de Jesús:

When we began to pray, a mantle of Light appeared, surrounding the Tree from the bottom upwards, which lit up with great intensity.

The Divine Mother appeared in a white Robe and a light blue Mantle, and had a golden rose in Her Hands. She prayed and prayed, smiled and prayed. Behind Her, from the Heavens, an Egyptian cross descended.

She asked us to come closer, and when we did, She began to radiate two rays of Light from the center of Her Heart.

Today, She invited us to pray more for souls and for the task She is carrying out in several parts of the world.

Today, She especially asked that it be a day totally dedicated to prayer; that groups be formed to pray hour by hour, beginning at the moment we finish this meeting with Her and until 5 p.m. She said that She wanted the collaborators of Casa Redención to pray the prayer of the Universal Mother, as a group, at the different times.

She also wants rose bushes to be planted today in Her garden; She says She is expecting it. She said that, hour by hour, while one part of the groups prays, another part is dedicated to the building of the garden, because She wants to see it finished before dusk.

She asked that today, in our prayer, we have the intention to pray for souls who are in chaos and who are wrapped in material energy, the energy of materialism; souls who, because of that energy, are very lost.

Afterwards, the Mother moved from the crown of the Tree and approached the group. I then could see Her from the back, and saw that She had a six-pointed golden star, all filled in. The star encompassed the whole Mantle, which was very pretty, and covered Her from head to toe.
