

SACRED NAMES OF GOD

VOLUME 1

Choir of the Light-Communities

Singing the Sacred Names of God with devotion and love brings peace, harmony and balance to our beings.

Chanting them with reverence and gratitude leads us to discover, activate and recognize our divine essence, reconnects us with the Source and helps deprogram the codes of illusion that make us feel we are separated from God.

Knowing every vibration of the Names of God gives us the possibility to tune in to each Divine and Creator Aspect of God, and, through words, try to come into inner and spiritual contact with these Supreme States of God Consciousness.

GENERAL LIST OF THE SACRED NAMES OF GOD

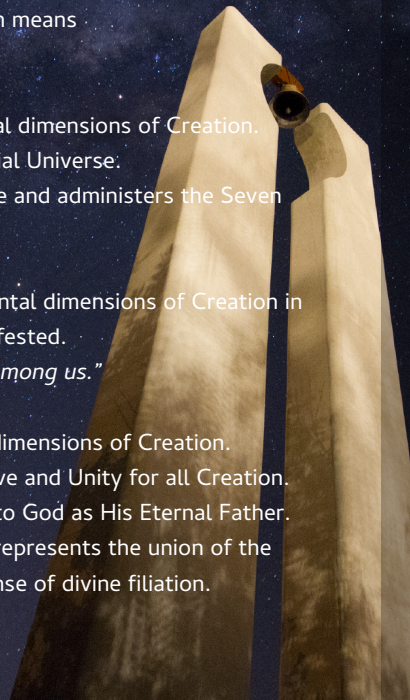

YESHUA: Jesus.

Yeshua or Yehoshua: Aramaic name which means
"He who gives Salvation" or "Savior".

ADONAI: Aspect that governs the material dimensions of Creation.
It is the Spirit that gives life to the Material Universe.
It awakens the Light of Divine Intelligence and administers the Seven
Gifts of the Holy Spirit.

EMMANUEL: Aspect that governs the mental dimensions of Creation in
which the Creator Mother-Father is manifested.
Literal translation: *"God with us or God among us."*

ABBA: Aspect that governs the spiritual dimensions of Creation.
It represents the Primordial Source of Love and Unity for all Creation.
Jesus used this term to intimately relate to God as His Eternal Father.
Related to the bright white color, which represents the union of the
entire chromatic scale, it awakens the sense of divine filiation.

HA EL : *"The God"*

HA KADOSH: *"The Saint"*

HA GADOL: *"The Redeemer Lord"*

ELOHIM: Aspect that governs the creative power of God in all dimensions of consciousness.

Aspect of God that acts throughout the Universe created through His different Angelic and Archangelic Emanations. It invokes the Hosts of Light and attracts the Sublime Laws of Creation.

ADON OLAM: Means *"Lord of the Universe and Lord of Eternity."*

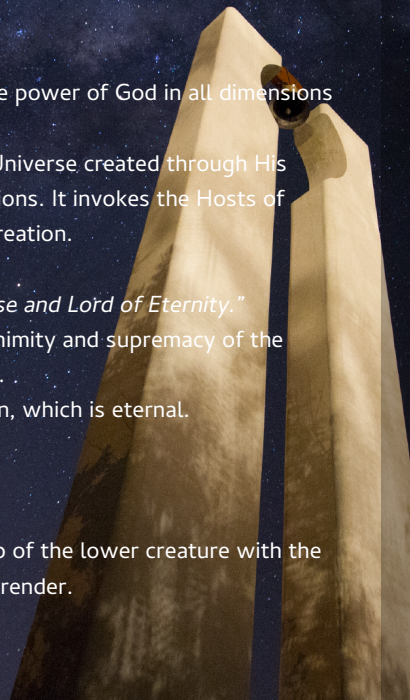

Aspect of God that expresses the magnanimity and supremacy of the Divine, Cosmic and Celestial Government.

It connects with the Real Time of Creation, which is eternal.

ELI, ELI: *"My Lord, My Lord."*

Last words of Jesus on the Cross.

It manifests a deeply intimate relationship of the lower creature with the Divinity as a supplication for help and surrender.

IOD HE VAUD HE (YHWH): In Hebrew the letters YHWH are called Iod He Vaud He.

It is the Unpronounceable Name of God, also known as Tetragram.

It was the way in which Yahveh was named in the ancient covenant of the People of Israel. Understood in the causative sense, Iod He Vaud He means *“He who causes existence”, “The Creator”*.

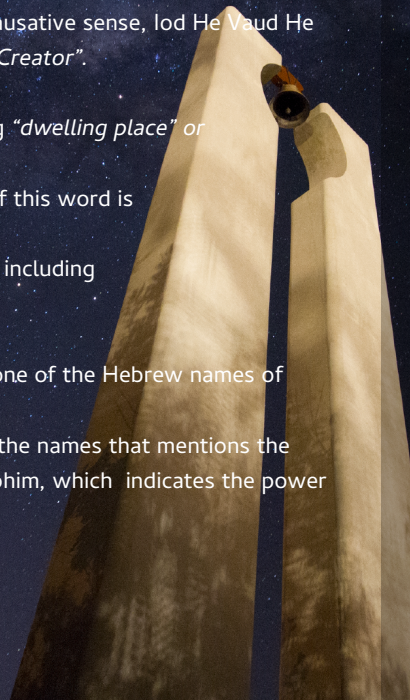

SHEKINAH: It is a Hebrew word meaning *“dwelling place”* or *“presence of God”*.

For theologians, the closest translation of this word is *“the Glory of God is manifested”*.

The word Shekinah has several spellings, including Shekiná, Shechina and Shekina.

EL SHADDAI: El Sháday or El Shaddai is one of the Hebrew names of God, which means *“Almighty God”*.

The designation El Shaddai is just one of the names that mentions the power of God, making it broader than Elohim, which indicates the power of God as Creator.

MELECH HA MELACHIM: *"King of Kings"*

SEH HA ELOHIM: *"Lamb of God"*

SAR SHALOM: *"Prince of Peace"*

MASHIAH: *"Messiah"*

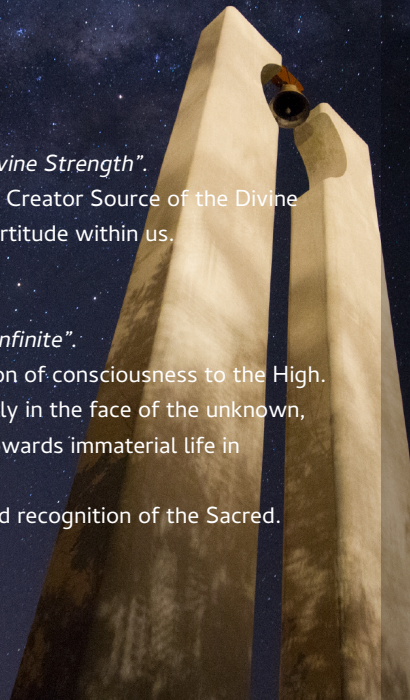

EL GIBBOR: *"Almighty God or God of Divine Strength"*.

Aspect that governs the Attributes of the Creator Source of the Divine Will. It activates and awakens spiritual fortitude within us. It awakens the Gift of the Fear of God.

EL ELYON: *"Most High God, Lord of the Infinite"*.

Aspect that governs the constant elevation of consciousness to the High. It attracts the attributes of faith, especially in the face of the unknown, and drives the being to walk decisively towards immaterial life in constant elevation.

It awakens reverence for the Supreme and recognition of the Sacred.

Choir of the Light-Communities

The Choir of the Light-Communities was born together with the communities in the late 1980s.

Over the years, with the birth of the Grace Mercy Order and the manifestation of the new Light-Communities, Light-Nuclei, prayer and service groups, the choir has grown and deepened its service, especially to the Divine Messengers.

Today it is an instrument for the conversion and elevation of souls around the world.

The Choir of the Light-Communities is comprised of the monastics of the Grace Mercy Order, the residents and stable collaborators of the Light-Communities, members of the Planetary Light-Network and volunteer servants who offer their voices and instruments, united, to create a condition of Peace in which beings can find God.

The purpose of the Choir is to serve souls and the planet, to raise consciousnesses to God through music so that the Divinity may reach souls and hearts, and, through vibration and sound, bring healing, harmony and peace to the world and its humanity.
