8 From My Heart and My Soul receive a warm restoration for your spirit, and thus, find peace once more.

9 I will be stronger than the wind, because through it, souls can feel the perpetual caress of My Love.

10 Have the limitations of your body be an offering of humility for the arrogance of humanity.

11 Quédate en los brazos de la Madre Divina todo el tiempo que necesites. Yo estoy aquí para lo que precisas y necesites.

12 I will not abandon you when times are difficult. I will be there, amongst you, in the silence of the night, to listen to you.

13 In the Kingdoms of Nature are kept the mysteries of the Universe and the keys to enter the new life.

14 May humankind know that My Heart is full of Graces for the souls and that I wait for you to ask for them through sincere prayer.

15 The spiritual life and the life of true prayer are the keys to live these times with peace.

16 Do not despair nor be anguished because, in the greatest inner void, just like in the greatest desert, I Am.

17 Contemplate the Kingdoms with reverence and, in silence, seek for the mystery that they hold.

18 Your inner world is crystalline and visible before the Gaze of God; in it is kept the story that God created before the origin of your existence.

19 Nurture yourself from the Tree of Life and take the fruits and the gifts that My Heart yields.

20 If hearts would only contemplate the woods with gratitude, they would be able to feel and perceive these and other mysteries of the science of life.

21 Be willing to walk by My side, tightly taking hold of My Hand, and with the other hand, hold the rosary with a prayer from the heart.

22 I would like you to remember the value of your essence because there will be kept your entire experience of faith, love and forgiveness.

23 I Am the refuge of the distressed. I Am the hope of those who despair. I Am the motive and the reason for each stage of life.

24 Everything in the life of those who surrender to God can become a service even if their minds do not know it.

25 If peace is united to prayer and song, an extremely potent bridge of union between the Material Universe and the Spiritual Universe is built.

26 Do not fail to say to Me: "Lord, I trust in You", and I will give you My Trust, again and again, as I have already given you, so that you may feel comforted.

27 Just as you are, Christ called you. He only expects you to say "yes" every day.

28 Singing especially opens the Heavens, because the voice is one of the greatest instruments that the Father created for His children to praise Him.

29 Trust that it is possible to change the cycle you are in and, through the Universe, receive all the help you need.

30 There must be no gaps between your consciences and your hearts, because My adversary still works against My Father and His Divine Will.
