**4** Call for My presence, talk with Me, in the depth of your hearts, as a good child seeks the support of its mother.

**5** Each time you exercise and practice My Mercy, a miracle of love is generated in your soul and in the soul of the planet.

**6** Stop your heart for an instant and look within yourself; ask yourself how much you have progressed in love and in fraternity.

**7** The Thought and Essence of God still wait to manifest within humanity.

**8** I invite you to seek humility within your beings so that the Truth may someday set you free.

**9** Pray without ceasing and without fatigue; pray because this is the tool for these times.

**10** My Heart observes you, My Love supports you, and I constantly inspire you to live the Purpose of God.

**11** Struggle, My children, struggle for Peace, with the rosary in your hands and with the love of your hearts.

**12** I come to the world as this Infinite Light, to illumine it, to show the path that many cannot manage to see on the horizon.

**13** May the mirror of your heart be the guide and the light in the darkness of the world.

**14** The tests that your consciousness embraces are the stairway for being able to take a greater step, unknown to your possibilities.

**15** The hour indicates a great step for all. Consecrate yourselves to My merciful Heart, and you will live in My Peace.

**16** Both the external events and your own inner purification will be lived according to your own choices.

**17** Do not let anything external bring you down; take each experience as the opportunity of dying to yourself a little more every day.

**18** May souls glorify the Father and may His Holy Spirit liberate them from all evil.

**19** Seek, in these times of darkness, the joy of serving.

**20** The Creator is alive in all that was created by Him. Find Him within each one of you as in the center of the Creation.

**21** Contemplate in My Heart the Peace that you need and find in the profound Love that lives there the strength and bravery to move ahead.

**22** May the Light of the Spirit of Andromeda bless you in the name of the Sacred Brotherhood.

**23** Just as you pray, you clamor and sustain your own inner self; now with more fervor, pray, clamor, and sustain life upon Earth.

**24** Struggle, overcoming your human condition and establishing peace, as the greatest service that you can render today for this wounded planet.

**25** My dears, I invite you to experience the power of faith and of union with Me within your little lives.

**26** I come seeking those who decide to follow Me until the end, in spite of carrying their defects, imperfections and sins every day.

**27** Fix your gaze and your heart in God, so that, thus, you are in peace and attract peace to Earth.

**28** Just do not be indifferent. May faith not lack within you, nor the willingness to overcome and to live the mysteries of prayer and love every day.

**29** Feel My Presence within you and the great Universe of Love that expands inside of you.

**30** Fix your gaze and your heart in God so that neither hatred, fear, insecurity nor lack of faith consumes you.

**31** My children, through prayer, through the awakening of consciousness and the sacrifices experienced for love, you will be able to heal this world.
