DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN MANANTIALES, PUNTA DEL ESTE, MALDONADO, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Listen to My voice in the silence of your heart and recognize with Me how much you still have to change. This is not going to be a limitation to reach the goal; this is the first step to a consciousness that matures in the chosen path.

You are not going to sanctify yourself overnight, but you will find the barriers that leave the soul of each being trapped. These barriers are the superficial and mental life that does not lead to any result.

If your aspiration to surrender to My Son is faithful and constant, I assure you that great will be the test, but there will be nothing that may dissolve the sincere union that you have built. For this I indicate to you new paths for you to traverse in obedience and joy.

When you say no to My plans, I can do nothing, but only look at you and pray. The Universe always search for the best option to help you, but when the proposed path is not accepted, it will be in the next round of the universal cycle that something will be able to be resolved.

When there is no correspondence with what is indicated, the instruction of the hierarchy is wasted. Although it is time of your purification, certain own wills or personal decisions, can change the spiritual destiny of a consciousness.

What to do?

Just wait, God never fails to show the real meaning and reason of His Will, and His Infinite Mercy rearranges all the things and put them in the necessary balance so that His Holy Aspirations can be accomplished.

There is no longer time to rethink the things; the divine impulse descends to mobilize and liberate structures. When someone stops this impulse, it is like trying to sustain with the hands a flood of light.

The Divine Will is not an imposition but it is the spirit of materialization of a Plan that must achieve the highest experience of love and forgiveness. When a soul opposes this to happen, the same universal science repositions the consciousness on the step of learning it had before being elevated to the Greater Kingdom.

No one loses their place in the Heart of God, God is Compassion and Justice; and this Justice at this time will be severe, not for being Justice, but because the Law of Divinity Itself will find resistance in many areas of the consciousness.

For this, dear children, I come to advise you to not suffer unnecessarily the consequences for remaining under human control. Try to be in the Law and you will be protected from yourselves. Something greater must be fulfilled in the Thought of God and it is the expression of the New

Humanity.

You are in time to reconsider your own actions and to start again as God says, in harmony and without inner disorder.

I thank you for answering to My Call!

Who instructs you through the Wisdom of God,

Your Mother Mary, Rose of Peace
