**WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF MENDOZA, ARGENTINA,  
TO THE VISIONARY SISTER LUCÍA DE JESÚS**

The day will come when the mysteries of the Earth will be revealed, and it will not first be to the avid seekers of that Truth. It will be to the simple, to the humble, and to those who seek nothing for themselves that the doors of the Infinite will open, of the universal macrocosm and of their own inner microcosm.

That which today is hidden even for the most advanced of the sciences and technologies will be revealed as an understanding, an experience, and a wisdom that cannot be explained and cannot be measured with the mathematics of the Earth.

The simple will understand in silence, and with that same silence they will transmit it, because they will be the only ones to be impassive when the Truth emerges on the surface of the planet. Only they will be able to approach the Superior Life visible to the human eyes, because they know it and do not fear it.

I come to form simple hearts, will break down the walls of their arrogance with much effort, and will awaken humility by recognizing that the human arrogance destroyed the Earth, and does not make the Plan of God triumph; by recognizing that it is by being nothing that they become able to receive all and to be in the All, which is God.

In the beginning of the Human Project, the Creator already knew the unpredictability and the difficulties of His children that would incarnate in humanity. For this reason, throughout all human existence, God sent to the interior of the Earth, to sacred spaces invisible to human eyes, blessed consciousnesses who are not angels, but beings in evolution who, coming from Eternity, remained on the Earth, invisible, serving humanity with the simple fact of living evolutionary principles, in the depths of the planet, that awaken the Love in the planetary consciousness, and as a result, in the human hearts that open to feel it.

In spite of being on Earth since the beginning, few could see them and almost none truly understood the meaning of their mission on the planet, how they carried on with their lives, and until when they will remain on Earth.

Those spaces are sacred, they were thought of and created by God and His Archangels, and there life is lived according to what His Thought dictates. They remain in silence and almost always serve anonymously, because their foundation is the Humility that comes from the Heart of God.

But in these final times, when everything will be allowed and when all will be revealed, their presence will also be revealed; first to the simple and to the humble, that correspond to the Laws that govern these spaces. Then, children, before human eyes, whether they be blind or ignorant, the Light will emerge and will awaken them.

Maybe for some it is already too late to repent from their ignorance, but before the profound Love

that will emerge from this hidden Work of God, everyone will receive an opportunity.

This secret will come with the Son of Man, and before everything happens, only the pure will know it. That is why I say to you that in order to be in this fortress and be a part of this mystery that will silently sustain you during the purification of the Earth, first purify your hearts, your arrogance, and your pride; free yourselves from the vanities of this world and walk tirelessly toward this destiny. Because if today you hear the Voice of God that speaks to you, it is because you were elected for this purpose. It is up to each being to live, or not, under the Will of God.

Your Father and Friend,

The Most Chaste Saint Joseph
