DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

When God shows His Heart to humankind, a part of them dissolves into unity with the Divine. The essence wakes up and begins to remember; the soul expands and from within it, the most ancient records of love emerge and transmute what was dark in their consciousness.

When God shows His Heart to humankind, the inner world is shaken, the individuality seeks meaning and all that humanity always defended, as to the expression of each being separate from the All, begins to fall apart. The structures of deceit begin to crumble and the veils of illusion begin to tear. The Kingdom of God expands from the outside inward and, with the same power, it is revealed from the inside outward in all His creatures.

Nothing remains as it is.

Souls rejoice, minds can find no explanation, feelings lose their human foundation for they do not recognize the emotions that are caused by the whole and perfect Presence of God through His Son.

It is a moment of revelation and inner deconstruction.

It is a moment of being new clay in the Hands of the Potter.

It is a moment of being water transformed into wine.

It is a moment of being nothing in the Hands of your Lord.

Today, children, God shows His Heart to humankind. Allow this revelation to happen, the transformation to be carried out and unity to manifest.

You have My blessing for this.

The Most Chaste Saint Joseph
