DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Feel the subtle perfume of My prayers for humanity. Guard in your hearts the essence of faith. Awaken in your hearts the call to hope. Aid humanity together with Me by means of the prayer of the heart.

Dear children, accept My Good News because Jesus wants to dwell in your hearts forever. My children, today I call you to pray for the salvation of the Kingdoms of Nature and for the salvation of humanity. You hold in this world the greatest treasure that God has given you: nature, His Creation.

For this reason, dear children, pray for the salvation of each one of the elements of Creation. May your prayer reach the Heavens so that it may be heard by the Heart of God.

In your hands is the possibility of Mercy for the world. In your hands is prayer, the path towards the new and the good, the hope of a better world, which must live under the Laws of Love and Peace.

Little children, for all that to be possible you have the presence of My Helping Heart, of My maternal gaze upon each one of you. As the Queen of Peace I ask you to strengthen the path of prayer that you are lovingly realizing.

Know, dear children, that each moment of prayer helps a soul of this humanity.

When I call you to prayer I am calling you to become conscious before the need of Mercy. As the Lady of Graces I give you My Maternal Blessing and I invite you to go forward.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
