DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SALAMANCA, STATE OF GUANAJUATO, MEXICO, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

To all believers and devotees of the whole world,

Miraculously, with no science that can understand it or method that explains it, the Holy Mother of God and Mother of the Earth will be with Her beloved children in the United States, after the One Source, the action of all the Graces and all the Wonders, has sent the Holy Archangel Metatron, Father of the Divine Fire, to the Earth to paralyze a point of chaos that was generated by the hands of My adversary.

This material, mental and spiritual paralysis is temporary, because free will was modified so that a Greater Law could act in the name of a Greater and Infinite Love. Also, the inner request, made by a certain number of souls to the Holy Mother of God, granted the intervention of a possible change of all that had been foreseen in the nation of the United States.

The prayerful offering of some consciousnesses, through the Law of Free Will, generated a positive effect which allowed everything that was highly contrary to lose the power of action over many things. The Celestial and Angelic Hierarchy, under the command of the Archangel Metatron, deflected those interferences from the field of conflict, and in this way, the storm passed, and the sky is clean.

A certain number of angels, out of love and service to the Father and at His sacred request, will be safeguarding this last stage because, if not, it could never happen again under a certain planetary and universal conjuncture.

This means, My children, that the Virgin of the Most Holy Rosary, Who today exposes Her Immaculate Heart, transplanted certain codes into the hearts of those who will need them to be able to move forward on this next mission in the United States.

This means that those souls that momentarily received the luminous codes of Mary, will represent a part of Her Divine and Celestial Consciousness on the planet, in order to carry forward that which was foreseen to take place in the next days, without there being any danger.

In any case, much prayer will be needed so that the task of the Divine Messengers is carried out effectively. Thus, with the help of many inner beings that belong to this Work, a great celestial dome opened to transfer this mission under certain celestial principles. One of them will be the complete silence of the missionaries, because an act of silence is capable of modifying an event when that silence is real, austere and humble. It was an inner request some souls made in the last hours.

I ask all My children that you expand this inner adherence to all of this sacred task so that the souls that must awaken, can awaken.

I thank you for responding to My call!

Who blesses you, now and always,

Your Mother, the Virgin Mary, Rose of Peace
