DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Peace reigns in hearts that silence their mouths, minds and hearts to listen to God.

When the murmuring and clamoring stop for an instant and yield their place to silence, souls bow down before God to hear His Voice and His Designs which are also silent but full of Love, and They can permeate hearts and bring them clarity, certainty, answers and, above all, peace.

Silence, children, is also prayer.

In silence, your spirits can elevate beyond the dimensions of conflict and chaos and be in a safe place to converse with God.

Souls that learn to become silent learn to enter into true contact with Infinity, because they are not only asking or wanting to rise up through their own effort but rather to know how to be silent, trust and allow themselves to be touched by the Hands of God that guide them into contact with higher life.

Silence is also part of the path that leads you to God. Know how to perceive the moments for crying out, for singing, for pleading or simply becoming silent in order to hear the Voice of the Father, to allow Him to guide you to the Infinity of His Kingdom, to the mysteries of His Creation.

You have My blessing for this.
