DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

May each Child of Mary today elevate their gaze and their hearts toward the Heavens, not to plead but to give thanks, to recognize how many Graces and Mercies the Creator has poured out upon their lives and how much there is still to be lived within this walk in God, toward the Infiniteness of His Love and of His Creation.

May each Child of Mary today elevate their gratitude toward the Father for the Love He constantly emanates from the Immaculate Heart, for the Peace that comes from Mary and floods the souls, transforming them and consecrating them to God.

May each Child of Mary raise their gratitude to the Father for the awakening, for the revelation of His mysteries, for the veils that were torn and will be torn, for the life that is consecrated and re-consecrated in each new prayer.

May gratitude be the eternal prayer of all the Children of Mary because it will be only in Heaven, children, after this trajectory of transformation and love, that you will understand how blessed your lives were.

Gratitude will open the doors for you toward Eternity.

Gratitude will make fruitful all the Graces received.

Gratitude will make you instruments in the Hands of Mary for the reconsecration of the whole world to Her Immaculate Heart.

You have My blessing for this.

The Most Chaste Saint Joseph
