Special message of the Most Holy Virgin Mary, transmitted in the city of São Paulo, Brazil, to the visionary Friar Elías

Dear children,

Today My call is respect to your loyalty to God, the Most High.

On this special day, My Heart is proclaimed to confirm that My immaculate and spiritual Presence is true to the eyes of all creatures.

For this special reason, today I am with you sharing My Pilgrim and faithful Servant path so that you are able to understand that My maternal Heart chooses those children who need Me in these times.

Today, come all, to My Kingdom, because God will receive you.

In My immense joy and bliss, I call you once more to conversion. Your path towards the Father is already being fulfilled, but when you walk, many souls that need peace and conversion also walk.

Dear children, today My call is about your fidelity to God. The Father expects that, through your sacred daily consecration, you will be able, in works and in good examples such as prayer, save this humanity.

My Heart of a Mother follows the great decisions of the end of this time.

The new Pope will need your fervent prayers so that he will be able to help the world and its definite conversion. His sincere support to the Church of My Son will allow many of the faithful to renew themselves in faith and in the prayer of the heart.

Continue praying the Holy Rosary, every day, God is attentive to the voice of the appeals of all His children.

Dear children, once more, and through this clinical study of faith and devotion, I thank you for responding to My call.

Thank you for responding to My loyal plans of peace and redemption!

Mary, Queen of Peace

At the end of the Message, the Virgin transmits a small Message for the doctors who are present:

I bless in the love of My Immaculate Heart the scientists because, in this way, they will strengthen their faith in the Only God who loves them and who wants them, above all things.

I thank you, My children!

Blessed be Jesus!
