DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

In the hour of greatest tests, is when My Presence in your hearts will confirm your adhesion to My Greater Laws of Mercy.

For this, in the sacrifice is found the liberation of the own being, and this permits that other universal and celestial principles guide the spirit of each being. In the path of sacrifice is constructed the true consciousness of charity, for this from it is born the truth, which will always be permeated by the Greater Light.

In these moments of greater effort and sacrifice, is when the Lord sends you His Grace to heal your hearts. Those who decide to walk this path, and out of love for humanity, will have enough strength to realize the Works that the Great Spirit of God will entrust to them.

By sacrifice the planetary situation may balance itself, and more souls may find the relief that they so much seek. In sacrifice is found true peace and conversión.

Under the Love of the Father, be blessed.

Thank you for receiving My words in the heart!

Christ Jesus
