DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF MONTREAL, QUEBEC, CANADA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Love is capable of granting Divine Wisdom to the consciousness when that Love acts through the soul that accepts it.

Love is a current that liberates obstacles of the mind and of what is material because its main energy fosters a constant dynamism and renewal.

The Greater Love is what embraces and holds all Creation, for in that Love the value of life and of all created essences is conceived.

When you cannot live in Love, try to seek It, aspire to find It through the giving of self and the humility that you can experience through service and unconditional surrender.

In the world, there are many souls that are despised and unloved; there are Kingdoms of Nature that have so much love to give the human being and yet are also despised by them.

Love is the great key that will always open doors so that the life of the unloved may be converted through the healing that Love will give them.

Love one another truly and without appearances; Love will lead you into peace.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
