SPECIAL DAILY MESSAGE OF CHRIST JESUS, IN THE MOST PRECIOUS PRESENCE OF THE MOST CHASTE HEART OF SAINT JOSEPH, TRANSMITTED IN THE COMMUNITY FRATERNIDAD, CASA REDENCIÓN, URUGUAY TO THE VISIONARY FRIAR ELÍAS

Dear children on the Earth:

The Sacred Hearts have, at this time, the spiritual purpose of transforming and elevating the condition of current humanity. With this goal, the Most Chaste Heart of Saint Joseph has proposed to help in the awakening of the consciousnesses that are asleep to spiritual life.

In this way, the Sacred Heart of Jesus works by means of the Most Chaste Heart to open an inexhaustible source of Graces and of infinite purity for all of humanity through this great Working Spirit.

Jesus wants to consecrate the Americas to the Most Sacred and Blessed Heart of Saint Joseph so that this part of humanity may achieve the peace and purity of soul and body. This will be possible by means of the constant daily prayers that name the beatitudes of the Chaste Heart.

If humanity in its majority responded to the request of the Sacred Heart of Jesus there would be, through the intercession of this Worker of God, an unlimited salvation of souls that in these times are being condemned to eternal hell.

Before My Glorious Coming South America must be consecrated to the Most Chaste Heart of Saint Joseph and to the Immaculate Heart of Mary so that this part of the world may be worthy to receive the spiritual visit of the King of the Stars.

If this consecration to Saint Joseph and to the Virgin Mary were realized as a vow made on the part of the souls, the events would change and the entire humanity would be totally forgiven.

For a greater consecration of souls to the Blessed and Most Sacred Heart of Saint Joseph My Merciful Consciousness will leave written for you on this day the Seven Beatitudes of the Most Chaste Heart of Saint Joseph, beatitudes that will allow you to find inner strength for the critical times, with the objective that peace may be established in all beings.

and Sacred Heart of Saint Joseph**
