APPARITION OF CHRIST JESUS, DURING THE 65th MARATHON OF DIVINE MERCY, IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

My God, I believe in You...(x3)

My celestial victory is within each one of you and no other place.

Those who have decided to surrender their life to Me, know that from now and forever, you will belong to Me and will not belong to any other presence, because My Presence is unfathomable and infinite.

I want to make of your lives humble and peaceful hearts, that may be able to testify the Presence of the Son of God on Earth for these difficult and critical times.

For this reason, I have come to the world again with the Ray of Transfiguration, because the human consciousness will still have to be sublimated, so that its chains and all of its prisons may be released and the spirit may be free again as it was in the beginning, as it was from its origin, since its existence. That it may work and live again in God without being in the chain of suffering and agony.

What I offer you in this time, companions, is a great sacrifice and a great service for humanity, because as you know, humanity is out of balance not only from the psychic point of view but also from the material. And the balance that humanity has lost will have to be recovered again through instruments of My Mercy and My Grace.

This is why these times are difficult and definitive, in joy as in happiness, in battle as in challenge.

You will cross many bridges and go through many challenges, but you will also go through many abysses, within and outside of yourselves, and you will also see it in the whole of human consciousness.

It will not be enough for Me to describe today what is occurring in humanity, because you are seeing it daily.

The Fire of My conviction must reach you all the time. This will allow the Higher Laws to be active on Earth, and that the so awaited balance may be generated and presented in humanity.

While I am here, I am also with those who suffer, with those who are in agony and with those who despair, day after day.

Through the channel of Divine Mercy that has been opened, I am able to intercede today for each one of those souls, so in need of the Love of God, so in need of healing and redemption.

The only thing I can offer you today, companions, is the persistence that I achieved on the Cross, persistence that you will need for this critical time, for this definitive time, where the tests will be

the schools and the learnings for everyone. Great moments of definition of your consciousness and of being able to take secure and firm leaps in the evolution of love and truth.

The tests will not come to intimidate you, but rather to strengthen you so that you may continue to be firm on the path I offer you. This will make you more real and simple, because it is what God expects of all His creatures, that they may be able to penetrate the Mystery of His Love and the Infinity of His Grace, principles that are still available for humanity and the planet.

But it will depend on the adherence of My companions and of My followers for those Sources of God to descend to Earth and things not become destabilized as quickly as the moving hands of the clock.

I need the world to be able to recuperate and be redeemed.

I need, upon the surface of the Earth, mirrors of prayer that are able to reflect towards all of the planet all the love that I give to your essences and spirits, because this will not allow chaos to win, but rather that love may overcome as it has always overcome throughout time, beyond errors, failures and all human actions, which have transgressed the Plan of God again and again.

But now a very important time for the planet has come, where that inner definition will be clear to all, and this will depend on you and God; He, not as a Judge but as a Father of Mercy and Grace Who thirsts for His children, for the love of His creatures, for the transparency of all the lives of the Earth, because this will defeat the principles that evil has sown in humanity, leading to the perdition and the despair of souls.

But you know, companions, that through these meetings I prepare you for My return, because first your spirit must be prepared, so that all of your consciousness may be ready to see Me and recognize Me.

In the most difficult moment of humanity is when I will return and will reveal My Face to everyone.

I will not set a time, nor a date. I will arrive at the most climactic moment of humanity, when everything is in great agony.

This is why I need you to be firm, clear and aware, in order to be able to recognize My commands and so that the doorways of Divine Mercy may still be open.

Meanwhile, persist through My Heart and do not have your lives become like the lives of others, which have lost the sense of the mission and the purpose and even of their own experience of life on Earth.

This goes beyond something spiritual. It is to be on the correct path that the soul came to fulfill on this planet, in order to be worthy of the Grace and the Mercy of God, in order to reciprocate with the Divine Purpose that has brought it to Earth, beyond the errors committed in other times.

Today I do not come to speak of the failures or the errors, but rather of the talents that you must still offer and give Me; talents that wait to awaken within you and that your souls cry out to put in service.

Thus, companions, perceive the end of the times with a profound clarity and wisdom.

Know how to differentiate the situations and the forms.

It is not for you to omit them, nor to reject them, because transformation is eternal and infinite. But in that transformation, the consciousness is uplifted and awakens and increasingly finds the meaning and the reason for having existed in this Universe and within the Spiritual Universe.

Everything has its communication and its inner and outer reflection; this goes beyond the mind or intelligence.

The meaning of the soul must be deep and true. It must be able to express its task in this end time. It cannot be disturbed by its miseries, by its doubts or incomprehension.

You must allow your souls to have the opportunity of serving and of loving and of managing to express the value they have so that they may fulfill the Will of God.

While this situation of souls in the world is not defined, the opportunities for Universal intervention are limited.

For this reason, I bring the balm of My Light to the whole world and the deep healing of My Heart so that souls may dare to take the steps they need to take, knowing that a definite commitment is still unknown to everyone and that you are still on the way to being able to find it and see it.

Dare to define your lives in the simple way of life, in love, in service and in charity; in the consideration for others and for your fellow being, such as for the Kingdoms of Nature.

The school taught here must remain eternally in the human consciousness.

The attributes that were sown here through instruction and the path of group living will have to be the pillars for sustaining the great planetary transition and the whole human crisis, knowing that in spite of the errors, the sufferings or the wars, the ignorance or the indifference, there is a place in the world where the attributes of God are lived in a simple but true way, just as they were lived by each one of the representatives of the peoples of the desert together with Moses.

You are the bridge, dear companions, for the Sacred Project of God, reflected and manifested in the human consciousness through divine and cosmic intervention, to have its continuity and above all, a future.

But it depends on the decision of the souls of these times, on the awareness and the attention before the call that is proclaimed from the Greater Universe, on the interest of each one of the souls of the world and above all, on the unity that may be generated among your consciousnesses, in spite of the differences or of the schools, beyond all learnings.

Because where love is, God is present and so His Divine Project is, My Heart and the Heart of My Mother are and that of each Universal Hierarchy that contemplates and observes the humanity of these times, and how it loses its codes and its experiences of love because of having become submerged in the current modernity and in global indifference.

These are the roots of the great worldwide illusion.

But you, companions, as well as each one who hears me, do not have these veils on the consciousness; you have awakened and have felt the call of the Hierarchy.

I hope you are able to make the most of My Words, because My Cycle with you is coming to an end. And when it ends, everything will happen, and they will not only be messages or words, or things invisible or far from your material reality.

You will have to seek again the Source that opened here through instruction and knowledge, to help support those who cannot support themselves, those who are more ignorant and foolish; in order to help heal and redeem, opening your arms and hearts to take in the world, the nations and their peoples, beyond their cultures and their beliefs.

The great challenge of Noah and his Spiritual Ark will be repeated again.

Here the peoples will assemble if the doors are open.

Here those who suffer will be received if love is present.

Here the Hierarchy will be present if adherence and response are sincere and true.

This will allow that our Fire may never lack, that our Light may always guide you, that our Consciousness may always reflect discernment and wisdom for you.

But the time has come, companions, for you to definitely live the new cycle so that everything that is in the Spiritual Universe may be able to descend to the Material Universe and thus, the Plan of Rescue may be carried forward in the end of these times.

I accept your offerings, I hear your hearts and receive your intentions in union with the Hierarchy.

May the sacred mission that you have come to carry out be accomplished in you.

May your inner senses open so that you may perceive the emergency of these times and the immediate call that comes from Heaven, to uplift human consciousness in state and condition.

Let us celebrate, at this hour, the communion with the soul of each being, and before the presence of My Celestial Church, that not only takes the elements of this Altar that are offered today, to the Heart of the Father but also the deepest and inner intentions of your spirits, in this donation that your souls can do for these times for many, many more souls that do not do so, nor live it in this time. Thus, you will also alleviate My Heart of the great human blindness that I am seeing in humanity and how this submerges souls in illusion and in indifference.

May the love that your hearts will offer today before the Universal King be able to dissolve the contrary currents, and souls may be able to be reborn to life in the perfect encounter with the Divine Essence.

Friar Elías del Sagrado Corazón de Jesús:

At the request of Our Lord, we will listen to the Our Father sung in Latin, so that the doors of His Celestial Church may open and His Grace descend to all hearts.

We may stand for the consecration.

Pater Noster...

Christ Jesus:

At that time, I gave you My Body so that you may resurrect.

At that time, I gave you My Blood so that you may purify, consecrate to Me, in order to consecrate to the Plan of God.

At this hour and in this moment the sacrifice of the Lamb of God is relived.

When in that time I took the bread giving thanks to God, the Father, the Son and the Holy Spirit blessed it. I gave it to My Apostles, saying to them, so that they may tell humanity, that "this is My Body which was given for all for the forgiveness of sins."

I took the Chalice and lifting It up to God, the Father, the Son and the Holy Spirit blessed It. I handed It to My Apostles, saying to them: "All take and drink of It; this is the Chalice of My Blood, that throughout time and generations will shed the most precious Blood of the Lamb of God, so that all may receive Its Codes of Light and be redeemed."

This is the Body and the Blood of Whom gave His life for you up to the heights of Mount Calvary and suffered for humanity so that it may not lose the meaning of its existence and the perfect path of its soul.

Glory to God in the Highest, peace on Earth for all beings of good will.

And now that the Father has received the offering of the elements on the Altar and the offering of hearts, the time for the blessing through the divine infusion that the Father spreads for all the souls of the Earth and through the Work, the Science of the Holy Spirit, has come.

May the Peace of My Heart be in you and in all the beings of the Earth, so that you may be carriers of the peace and the Mercy of God, in order that wars, hunger, suffering and the despair of hearts may end.

For the triumph of the Sacred Heart of Jesus in this country and in the world, I declare you My apostles and My companions and I give you My spiritual and paternal blessing.

In the name of the Father, the Son and the Holy Spirit, Amen. (x3)

In fraternity and in compassion you may give each other the greeting of peace.

I thank you!
